## DRIVE GERMANS BACK ON 7-MILE LINE IN BELGIUM

British Strike Again Near Messines Inflicting Disastrous Losses

## TOMMIES OCCUPY FRONT LINE TRENCHES OF TEUTONS

Advance 500 to 1,000 Yards and Take Prisoners and Guns

(Associated Press Telegram) London, June 15.—The British struck another blow last night on the front near Messines, the war office announces. They gained all their objectives, advancing south and east of Messines and astride the Ypres-Comines canal.

The British now occupy the former front trenches of the Germans from the River Les to the River Warnave. As a result of last night's operations the constant pressure exerted, the British have advanced their lines from 500 to 1,000 yards on a front of seven miles.

The official announcement reads: "Our troops attacked, yesterday evening, south and east of Messines, and astride the Ypres-Comines canal. The enemy's resistance was quickly overcome and the whole of our objectives were gained in both localities."

"We captured more than 150 prisoners, one howitzer, and seven machine guns. "As the results of these operations and the constant pressure maintained by our troops since June 7, now occupy the German front trenches from the River Lys to the River Warnave and have advanced our line from 500 to 1,000 yards on the whole front from the River Warnave to Klein Zillebeke, a distance of about seven miles."

"We made a successful raid last night north of Leus. Many Germans were killed in hand-to-hand fighting and a few prisoners were taken by us."

**ATTACK AT VERDUN.**  
(Associated Press Telegram) Paris, June 15.—Reconnoitering parties were sent out by the Germans last night in the Verdun sector at Hill 304, and on the heights of the Meuse, the war office announces. They were caught under the French fire and dispersed.

**ADMITS RETREAT.**  
(Associated Press Telegram) Berlin (via London), June 15.—Retreat of the German forces at two points on the front in Belgium is reported in today's official statement. The Germans were pressed back by the British between Hollebeke and the region of the River Douve and also southwest of Warneton.

## HIGHWAYMAN FOUND GUILTY OF MURDER; JURY URGES MERCY

(Associated Press Telegram) Canton, O., June 15.—William Jerome, 19, of Albany, N. Y., today was found guilty by a jury of murder in the first degree. The jury recommended clemency. Jerome was convicted of killing Peter Loutzenheizer, a traveling salesman on a street here last April. Jerome attempted to rob Loutzenheizer and the latter thinking it a joke refused to comply with a request to throw up his hands. He was shot and instantly killed.

## BLOW WHISTLES AND RING BELLS AT 9:00 A. M. MONDAY, JUNE 18TH

The big American drive for \$100,000,000 will start next Monday. The money is needed by the American Red Cross. Forty thousand dollars of it is to be raised in Licking county, one-half in the city of Newark the other half (\$20,000) in the village and country districts of this county.

The Red Cross publicity committee requests and urges that every bell and every whistle in Newark and Licking county be sounded promptly at 9:00 a. m. next Monday for a period of five minutes. Let the church, courthouse, fire and school bells peal forth at 9:00 a. m. June 18th for five minutes. Every stationary engineer in town, every locomotive engineer is requested to "cut loose" at 9:00 a. m. and let the whistles blow for five minutes. Let's all make a noise for five minutes at 9:00 a. m. June 18th and acquaint every man, woman and child in the community with the fact that the big \$40,000 drive is on. This money is needed to take care of our own boys now in war or who are about to go to the war. The Red Cross is the heart of America. Let nobody fail to do his or her part toward making this great campaign a success.

## ITALY AIDS INHABITANTS OF SOUTHERN ALBANIA

(Associated Press Telegram) Rome, via Paris, June 15.—What Italy is doing to improve conditions in Albania was described by Senator Franchetti in an interview at Argyro Castro, Albania. The senator said that the Italians had already organized all public service throughout southern Albania, had dug 500 miles of excellent roads, opened 100 elementary schools with Italian and Albanian teachers, which are largely attended. Italian doctors have been established even in small communities and medicines are distributed free to the population. Special instruction in agriculture is also being given to the farmers and the senator said all Albania had expressed their gratitude for the initiative taken by the military occupants.

## PRESIDENT SIGNS WAR BUDGET FOR 3 BILLION DOLLARS

(Associated Press Telegram) Washington, June 15.—President Wilson today signed the \$3,000,000,000 war budget which carries appropriation for the new army and other war preparedness. It is the largest single appropriation ever made by any government.

## FUEL OUTLOOK FOR WINTER IS GLOOMY; SHORTAGE PROBABLE

(Associated Press Telegram) Columbus, June 15.—The outlook for increased natural gas production is not flattering, while the outlook for greater demand is likely. In consequence of which immediate steps must be taken to be prepared for winter, says a preliminary report of the natural gas survey to the utilities commission, filed today by G. L. McKibben of the department of gas and water.

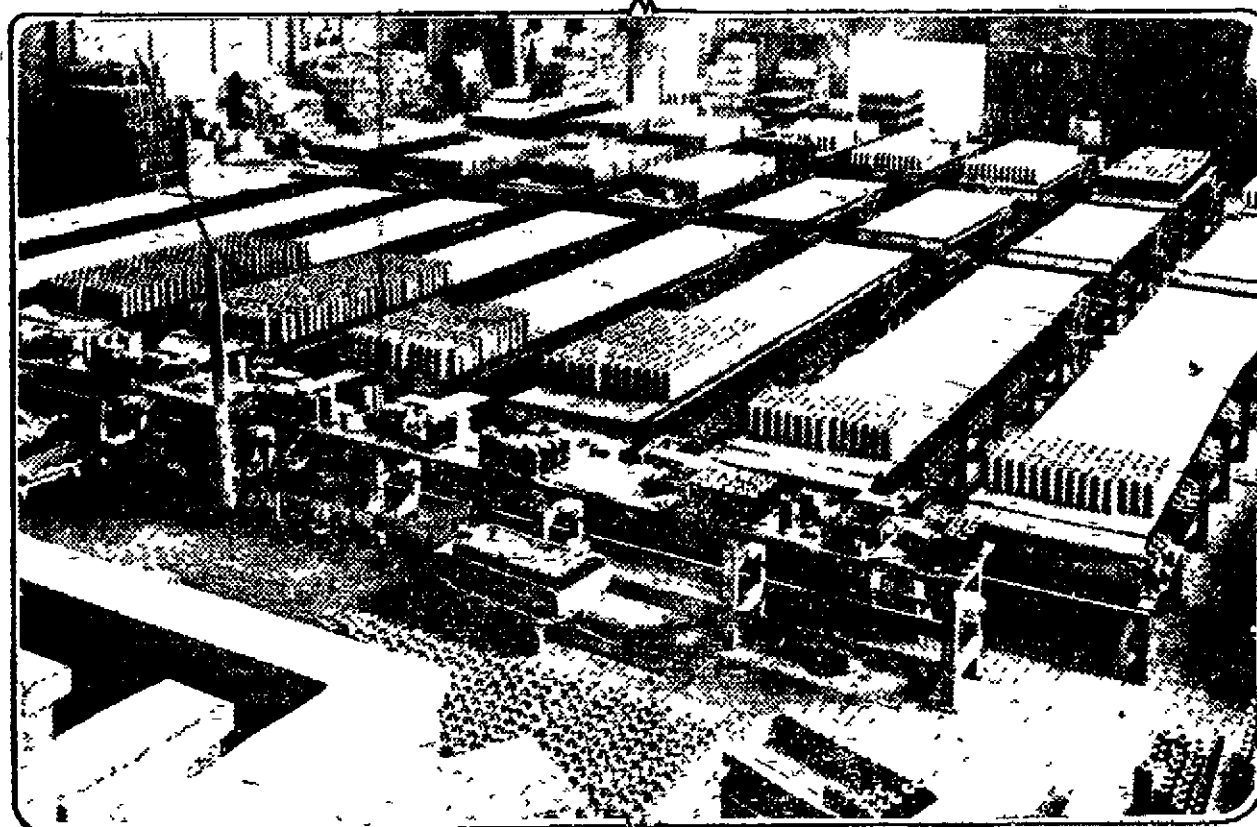

The report is a warning as to the necessity of strict conservation and eliminating of waste. The situation is made the more acute, the report states, because of an expected shortage of coal, high price of coal and a consequent greater demand for gas for domestic and industrial use.

## 100,000 PRISONERS 600 GUNS AND 600 SQ. MI. OF TERRITORY

(Associated Press Telegram) London, June 15.—More than 100,000 prisoners have been taken by the British during the war, James Ian Mac Pherson, parliamentary secretary to the war office announced in the house of commons today. Up to the end of last May 76,067 prisoners were taken on the western front, to which must be added at least 8,000 for the month of June. In Mesopotamia 10,900 prisoners have been taken since July 1, 1916. In Egypt the number of prisoners taken since July 1, 1916 is approximately 8,739.

On the western front the British armies have captured 424 guns since July 1, 1916. In Mesopotamia 132 guns have been taken since the beginning of the war. exclusive of those lost at Kut-el-amara and subsequently recaptured. In Egypt 18 guns have been taken. The territory regained by the British on the western front since July 1, 1916 amounts to 600 square miles.

## MUNITION PLANTS ALL BUSY, WAGES AT HIGHEST MARK; PRODUCTION HAS INCREASED ENORMOUSLY IN LAST YEAR

Above: Making armament for super-dreadnoughts in Bethlehem Steel works. Below: Thousands of shrapnel shell in process of manufacture at the same plant.

The United States is rapidly becoming the greatest center for the manufacture of war materials in the world. Reports from big munitions factories all over the country indicate that the records of last year are being broken, and that wages have reached their highest mark. A huge reserve supply of munitions is being created for the American offensive on the French front next spring.

## NORWEGIANS LOSE FIVE VESSELS BY U-BOAT ATTACKS

(Associated Press Telegram) London, June 15.—The sinking of several Norwegian vessels with considerable loss of life is reported by the Norwegian foreign office, as quoted in a Central News dispatch from Copenhagen. According to this information the following craft have been sunk by German submarines: Sigrun, steamer 2538 tons gross, crew rescued. Cavnet, sailing vessel loaded with pit props, driven ashore and seriously damaged by gun fire. All the crew missing with the exception of one man whose body was found. Vinas, steamer 1107 tons, only four men saved. Sylvia, sailing vessel, 149 tons, crew rescued. Candace, sailing vessel, 395 tons, crew rescued.

## TREASON SUSPECTS CONFINED IN CELLS FOR PROTECTION

(Associated Press Telegram) Cincinnati, June 15.—An investigation by government officials this morning into the charge of Attorney Nicholas Klein, who represents several of the 15 prisoners charged with treason, that the prisoners were being kept in solitary confinement in the county jail, developed that the prisoners were being kept in their cells in order to protect them from an attack contemplated by the other prisoners in the county jail.

It was stated by the jailers that they had overheard a plot to attack the prisoners charged with treason and that this was substantiated shortly afterward when the other prisoners refused to eat at the same table with the prisoners charged with treason.

Efforts were being made today to have the bonds of the prisoners charged with treason reduced but in several cases Assistant District Attorney Bruce was offering contention to it.

**ST. PAUL, DISTRICT SHY.**  
(Associated Press Telegram) Minneapolis, June 15.—Liberty subscriptions in the ninth federal reserve district will total between \$62,000,000 and \$65,000,000 according to estimates by officials of the reserve bank here at noon today. The district's minimum quota was \$80,000,000.

## FOOD PRICES JUMP NINE PER CENT IN SINGLE MONTH

(Associated Press Telegram) Washington, June 15.—Retail food prices in the United States jumped on an average of nine per cent between March 15 and April 16, as shown in statistics compiled by the labor department. It was the sharpest advance in any one month since the beginning of the European war.

The heaviest increase was in flour 19 per cent, bacon 15 and potatoes 14 per cent. Every article of food except coffee showed an advance increase. Relative price increases for some of the prominent food supplies: Sirloin steak 8 per cent; round steak 12 per cent; ham 9 per cent; lard 13 per cent; hens 6 per cent; canned salmon 7 per cent; fresh eggs 19 per cent; creamery butter 11 per cent; cheese 7 per cent; milk 2 per cent; bread 5 per cent; corn meal 13 per cent; rice 4 per cent; onions 15 per cent; beans 12 per cent; sugar 11 per cent; tea 1 per cent. In the year ending with April 16, average food prices advanced 22 per cent. Onion for the 12 months went up 179 per cent; potatoes 146 per cent; beans 79 per cent and flour 72 per cent.

## ENGLAND RELEASES IRISH PRISONERS HELD AS REBELS

(Associated Press Telegram) London, June 15.—It was announced in the house of commons this afternoon that the government had decided to release all the prisoners taken in the Irish rebellion of Easter Sunday, a year ago.

In making the announcement Andrew Bonar Law, government spokesman, in the house of commons, said that all the Irish prisoners would be released without reservation.

**WOULDN'T TAKE A BARE TRAMPLED U. S. FLAG**  
Lynchburg, Va., June 15.—Rather than take a bare Warren Utterback, a young railroad clerk here, trod on the Stars and Stripes, and was arrested. Today he was out on bail awaiting hearing on a charge of desecrating the American flag.

## FANATIC SHOOTS CINCINNATI FIRE ENGINE BUILDER

(Associated Press Telegram) Cincinnati, O., June 15.—"This trouble has been working in me a long time, I could not stand it any longer. I took my pistol and went to Ahrens's house. I went into his back yard and shot him. Then I went home and told the folks all about what I had done." Henry Bremer, 65, cigar maker made this assertion at police headquarters today when he confessed that he had shot and seriously wounded Christian Ahrens, inventor and retired fire engine builder last night. Ahrens was shot in the chest while in the back yard of his home. The confession of Bremer was somewhat incoherent. He said: "We had no money difficulties. The trouble was working in me for a long time. I determined to end it."

## CONDENSED MILK MADE IN AMERICA SUITS THE GERMANS

(Associated Press Telegram) Washington, June 15.—Large quantities of condensed or evaporated milk have been bought recently at retail by German agents and shipped to Germany through neutral ports, the department of commerce was informed today by the war committee of the condensed milk industry. Fearing detection if they purchased from manufacturers or jobbers, the German agents have canvassed retail stores and paid retail prices. In some communities where milk producers were of German descent, dealers have been told milk purchases were intended for Germany, it was said.

Buying operations have been reported in New York, Illinois and Oklahoma and shipments were made to Genoa, Italy, and Norway and Danish ports, where ordinarily little American milk is bought. The milk manufacturers war committee will seek to aid government in preventing future shipments.

**YALE STUDENTS JOIN.**  
(Associated Press Telegram) Cambridge, Mass., June 15.—One hundred Yale students will join the Harvard reserve officers' corps here, June 26, it was announced today. The Yale contingent will bring the total enrollment in the camp to nearly 1400.

## HALF BILLION MORE THAN ASKED POURS IN ON UNCLE SAM

Possible That Two Billion Loan Will Reach Three Billions When All Subscriptions Are Tabulated at Treasury Department.

## THOUSANDS OF BANKS YET TO BE HEARD FROM; IN TWO FEDERAL BANK DISTRICTS

Thousands of Small Subscriptions Sent In at Eleventh Hour Swell America's War Fund to An Enormous Total—Reports Reach Washington By Telephone and Telegraph—Small Investors Stand In Line For Hours During Last Day For Receiving Applications—Money is Transferred By Telegraph—Ohio District Responds Liberally

Washington, June 15.—The Liberty Loan has been tremendously oversubscribed. When the books closed at noon treasury officials estimated that the total would reach at least \$2,500,000,000 and might soar to \$3,000,000,000. Every federal reserve district with the exception of Atlanta and Kansas City appeared to have exceeded its minimum allotment. Reports from these two districts were slow in coming in.

With thousands of banks to be heard from in the two districts, however, it seemed likely that the minimum allotment would be reached in each case. Reports by telephone and telegraph from every section of the country told of an avalanche of small subscriptions at the last moment. Scores of small investors were standing in line at hundreds of banks throughout the country during the final hour. The small subscribers apparently had responded with a vim that exceeded the most sanguinary hopes of officials.

Swelling the sum total by millions came the belated subscription of the banks that held back till the last moment. The clerical forces of virtually every reserve bank were practically buried under a land slide of eleventh hour subscriptions. Because of this situation the exact total subscribed may not be known for many hours. The full magnitude of the country's response even may not be measured for several days.

Thousands of belated subscriptions it is feared many not reach the reserve banks till after the deadline of noon standard time and these must be included in making up the full totals showing the nation's response. Millions of dollars, it was estimated, were transferred by telegraph from national and state banks and trust companies on behalf of their customers to the federal reserve banks. This transfer marked the measure of the last minute response of the call investor at the banks had forwarded the bulk of earlier subscription by mail.

Four banner districts—New York, Chicago, Cleveland and Boston—appeared on the face of returns at noon to have subscribed the full \$2,000,000,000. Offers made at noon in New York, as was expected, led all other districts by a margin of more than double the next highest. This estimate was made on the basis of reports an hour before the books closed in the east.

Apparent failure of the Kansas City and Atlanta districts to reach their minimum, based on early reports, reflected, officials believe, the failure of the cotton farmers of the south and the wheat-growers of the west to respond as fully as it had been estimated they would. It was pointed out that in each district the farmers have not harvested their crops and they are not in a strong position to answer the call upon them until after they harvest.

District in which are located the great industrial plants of the country reflected a tremendous demand for the so-called baby bonds. The \$50 issue will be by far the most popular, it is believed. The total number of subscribers of all denominations, it was estimated, will exceed 2,500,000. This is ten times the number of persons in the entire nation who hold securities of any other sort.

The small investor, officials declared today, is to receive the full amount of his subscription. Every \$50 and \$100 bond subscribed for, it was said, is to be issued. This presages a wide-spread paring down of great individual subscription. Every community flying the American flag, from the Philippines to the Virgin coast, subscribed to the loan. Fair-baker, Alaska, the most northern loan on the continent, sent a generous subscription. From the Panama (Continued on Page 2, Col. 1.)

**FEDERAL COURTS TO PROBE PRO-GERMAN ACTIVITY IN STATE**  
(Associated Press Telegram) Cleveland, June 15.—At the request of District Attorney Wertz, Federal Judge Westens has called a federal grand jury for next Thursday, to investigate the activities of Cleveland and northern Ohio residents involved in alleged "anti-American" or not actually pro-German activities. The grand jury is also expected to take up the cases of a score of men arrested here for refusing to register.

At the request of District Attorney Wertz, Federal Judge Killits in Toledo, called for a grand jury to begin today to investigate similar cases in Toledo.

**YOUR DUTY IS TO SERVE YOUR NATION; VOLUNTEER WITH CO. B, FOURTH OHIO**

The duty of young Americans was put squarely up to them last night by Hon. Ralph D. Cole in his address on the public square. The seriousness of the world situation was emphasized and the necessity of some sacrifice by all, was clearly shown.

Company B, Fourth Ohio Infantry, the oldest organization in continual service, commanded by officers who have seen actual war service, needs more recruits from Licking county. Already more than 30 have enlisted. Come into the organization where you will be with men you know. It makes your service all the more pleasant. It's worth something to be in a company commanded by experienced men too. You get that advantage by joining Company B.

Any young man physically fit, between the ages of 18 and 45 years may enlist.

There is something gratifying about being able to say "I volunteered," according to those who already have offered their services to their country. There still is time to serve Uncle Sam as a volunteer. There are not many more hours left. ENLIST NOW.

## PERSHING TALKS OF 'US' NOT 'I' SEES AVIATORS

(Associated Press Telegram)  
Paris, June 15.—While General Pershing today is being honored in Paris, his subordinates are already at work. A delegation of American officers accompanied by French staff officers has begun a tour of the prominent railroad centers with the object of familiarizing themselves with the French transportation. They will investigate both the prominent railroad systems and the special supply lines at the front. The delegation spent yesterday at Troyes and then went to Brienne-Le-Chateau.

Although General Pershing's first day in Paris was naturally filled to overflowing with social affairs he managed, nevertheless, to utilize odd moments for business. It is understood that he will soon leave for an extended trip to the front.

Following his attendance at the chamber of deputies, the general and his staff motored to an aviation field to watch aerial evolutions of French experts. After an hour with the aviators, General Pershing returned to Paris and conferred with the minister of marine. He then rested briefly while the ever-enthusiastic crowd waited patiently outside his hotel. After his rest he went to keep a dinner engagement with the minister of war, Painevel.

General Pershing stole a brief period between his visits to Admiral Lacaze and M. Painevel to receive, first the French and then the American newspaper men.

General Pershing spoke almost joyfully of the prospects of being able to take up his work immediately. It was characteristic that during his talk he never used the first personal pronoun, but always referred to "us." Engagements of a social character largely take up tomorrow, but the Americans are looking forward to getting down to work in earnest by Monday at the latest.

## HALF A BILLION MORE THAN ASKED POURS IN ON UNCLE SAM

(Continued From Page 1)  
canal zone, subscriptions totalled \$250,000.

Secretary McAdoo announced the over-subscription of the loan in the following statement:

"The Liberty loan has been over-subscribed. It is impossible to state the amount of the over-subscription at this moment, but the exact figures will be given out as rapidly as the returns are received at the treasury department.

"The success of this loan is a genuine triumph of democracy. It is the unmistakable expression of American rights and the reestablishment of peace and liberty throughout the world to a swift and successful conclusion.

"I am deeply grateful to the bankers, the business men, the women of America, the patriotic organization and to the people generally without fine cordial co-operation and enthusiastic support, success could not have been won. It has been an inspiring campaign and it has had a glorious finish.

### NEW ENGLAND BUYS HEAVILY

(Associated Press Telegram)  
Boston, June 15.—New England subscriptions to the Liberty loan as tabulated up to 6 o'clock this morning, showed a total of \$235,300,000. The general committee announced that over-night subscription will put the total well above the allotment of \$240,000,000.

### DISTRICT PASSES QUOTA

(Associated Press Telegram)  
Cleveland, June 15.—Liberty loan campaign managers for the Fourth District Federal Reserve bank, have received subscriptions in excess of \$225,000,000 from the district up to noon today. Indications now point to \$230,000,000 as the final figures. The original minimum allotment for the district was \$110,000,000, and a later maximum allotment was \$225,000, which later figure has been exceeded.

### OVERSUBSCRIBED 40 MILLIONS

(Associated Press Telegram)  
Chicago, June 15.—The Chicago district Liberty loan flashed past its quota of \$260,000,000, shortly after the accountants resumed work this morning. The first figures announced were \$265,000,000, and an official of the Federal Reserve bank predicts that the loan in the seventh district (Chicago) would be over-subscribed by \$40,000,000. At noon a total of \$274,000,000 for the seventh district had been counted and the estimate for the district when returns are all counted tonight, which shortly afterwards raised to \$325,000,000.

### SWAMPED WITH APPLICATIONS

(Associated Press Telegram)  
Kansas City, Mo., June 15.—Estimates that \$30,000,000 had been subscribed in the Kansas City Federal Reserve banking district (Tenth) were made shortly before noon today by the tabulators who were swamped with applications. The district allotment was \$100,000,000. The total from Kansas City was placed at \$16,000,000, the city's allotment being \$2,000,000 in excess of that figure.

### ST. LOUIS IS LIBERAL

## The Minutemen of the Hour

"It is evident to every thinking man that our industries, on the farms, in the shipyards, in the mines, in the factories, must be made more efficient and more economical than ever, and that they must be more economically managed and better adapted to the peculiar requirements of our task than they have been, and what I want to say is that the men and the women who devote their thought and their energy to these things will be serving the country and conducting the fight for peace and freedom just as truly and just as effectively as the men on the battlefield or in the trenches."—From President Wilson's Proclamation, Issued April 15.

St. Louis federal reserve district, the eighth would over-subscribe its \$30,000,000 allotment of the Liberty loan and that St. Louis city would subscribe for \$40,000,000 or \$15,000,000 in excess of its quota.

### HEAVY SUBSCRIPTIONS LATE

(Associated Press Telegram)  
New York, June 15.—With tabulated clerks many hours behind the subscriptions the tabulation of buyers of Liberty loan bonds in the New York federal reserve district at 10 o'clock today had reached an aggregate of \$952,000,000. Two hours before the books were still pouring in, it appeared certain that New York's share in the Liberty loan would exceed more than half of the two billion total.

### MARYLAND'S QUOTA FILLED

(Associated Press Telegram)  
Baltimore, June 15.—Maryland's maximum quota of \$35,000,000 of the Liberty bonds had been over-subscribed. Figures tabulated by the loan executive committee at noon showed subscription of \$35,000,000, and it was stated that more than a million in excess of that figure was in sight.

### AKRON'S BIG RECORD

(Associated Press Telegram)  
Akron, O., June 15.—One person out of every three in this city bought a Liberty bond, the committee in charge of the sale announced today. This committee members believe it is the best record made by any city in the country. The total number of subscriptions was 40,193. The estimated population of the city is 120,000.

### TEXAS DOES HER BIT

(Associated Press Telegram)  
Dallas, Texas, June 15.—Although large piles of Liberty Loan subscriptions had not been tabulated when the books closed at noon today, officials of the eleventh federal reserve district estimated that the allotment total of \$40,000,000 had been over-subscribed by at least \$2,000,000.

### ATLANTA DISTRICT SHY

(Associated Press Telegram)  
Atlanta, Ga., June 15.—Subscriptions to the Liberty Loan from the Atlanta federal reserve district were estimated at noon today by Chairman Wellborn of the Atlanta Federal Reserve bank at between \$40,000,000 to \$50,000,000. The district's minimum allotment was \$60,000,000.

### CLEVELAND MAKES GOOD

(Associated Press Telegram)  
Cleveland, June 15.—Cleveland's Liberty loan subscriptions reached \$26,000,000 this morning. Campaign managers estimated that the city will exceed \$27,000,000 by noon. Cleveland has exceeded her original quota of \$26,000,000 by 50 per cent and the maximum total of \$47,000,000 by 25 per cent.

Fourth district Federal Reserve bank of fiscal after working all night on the subscription from the fourth district, said this morning that the maximum allotment of \$227,000,000 for the district would be over-subscribed. Figures at noon show that all the

large cities in the district have surpassed their quota.

Pittsburgh subscription indicate a total of \$75,000,000 against a quota of \$53,000,000. Cleveland has \$62,000,000 against a maximum allotment of \$50,000,000; Cincinnati reports \$25,000,000 on its allotment of \$17,170,000; Youngstown turned in \$6,500,000 for its allotment of \$3,600,000; Wheeling, Va., is \$200,000 over its quota of \$3,100,000; Columbus reports \$7,200,000 for its quota of \$5,000,000; Toledo turns in subscriptions of over its quota of \$8,300,000 and Lexington, Ky., is \$500,000 over its quota of \$1,000,000.

It is estimated that Cleveland subscribers to the loan will number 75,000.

### LIBERTY BONDS WORTH 101

(Associated Press Telegram)  
Baltimore, June 15.—The Liberty loan was traded in on the stock exchange here today at 101 1/2 on first sales. Other sales were made at 101.

### SELL ABOVE PAR

New York, June 15.—The initial transaction in Liberty loan bonds, trading in which began on the New York Stock Exchange at noon today, was about par. A lot of \$10,000 sold at 101.50, the next lot, \$250,000, sold at par.

## REDUCE STAMP TAX ON CHECKS AND FIX EXEMPTIONS

Washington, June 15.—An income tax exemption allowance of \$200 each dependent child of a taxable parent and reduction of the two cent stamp tax on bank checks to one cent were decisions reached today by the senate finance committee revising the war tax bill.

Other stamp taxes tentatively approved were formally approved today with little change from the house provision. By a tie vote a motion to reconsider the committee's action in exempting all connections from taxation was lost in an effort to place a tax upon high grade candy.

The committee also rejected a motion to exempt bequests and legacies from income and existing inheritance taxes.

## ADMIRAL BENSON SAYS NAVY TRAINING STATION ALL RIGHT

Washington, June 15.—Admiral Benson, chief of naval operations, after a personal inspection of the Great Lakes training station at Chicago, has reported to Secretary Daniels that conditions are very good and the morale excellent. Complaints had been made that the men were badly cared for.

## GERMAN DECLARES THEIR WAR COST IS FAR THE LOWEST

(Associated Press Telegram)  
Berlin, June 14, via London, June 15.—Under the caption "Submarine Warfare and War Costs" The North German Gazette has the following to say:

"In none of the warring countries has the question of war costs attracted that degree of attention which previously led one to believe it would. One is almost inclined to assert that the higher the war cost mount, the less attention they arouse and Lloyd George's word concerning the last silver bullets probably will never come true.

"The entrance of the U. S. into the war is accounted for in no small degree by the circumstance that they long since became the creditors of our enemies whose bankruptcy they saw approaching and desired to avert as far as possible.

"Offsetting the monstrous values which the entente powers are losing daily in ships and cargoes, foremost of which are those of England, not to mention the costs of meeting the submarine war, our losses are almost infinitesimal. They consist only of a loss of U-boats and munitions. This wholly unequal proportion becomes more profound as the submarine campaign goes on."

## WOMEN ARE NOT BASHFUL ABOUT AGE CENSUS SHOWS

(Associated Press Telegram)  
New York, June 15.—Suffrage leaders who are acting in the state military census now being taken have come to the defense of their sisters and return a verdict of not guilty to the alleged crime of age bashfulness. P. P. Goodrich, director of the census in this city, recently issued a statement in which he declared that much of the confusion in distributing the blanks for the census was due to women refusing to register in their home district where they did not want their age known, thereby creating a shortage of blanks in places where the registration should have been light.

Camilla Morgan, Mrs. Raymond Watkins and Mrs. John Humphrey leaders who gave out statements today declaring that in their home districts women living in the vicinity had registered in large numbers and consequently could not have gone elsewhere to conceal their ages from the neighbors who might be acting as registration clerks. More than a million residents of New York have been registered in the census. Of this number about one hundred thousand were enrolled yesterday.

The fellows who are mustered in may be pardoned for feeling that they are all to the mustard.

## GERMANS RESORT TO FLOODING OF LAND TO STOP FOE

(Associated Press Telegram)  
French Front, June 14.—The Germans have not had so much success as the Belgians further north using floods as a barrier of defense along the line of the Oise.

The river when it passes northward of the devastated town of Jhauny, now in the hands of the French, takes a sinuous course through marshy low lying lands, and he Germans after their forced retreat endeavored by damming at various places to place a wide stretch of water between themselves and the pursuing French troops. Extending north from the forest of St. John almost to St. Quentin they succeeded for a time in covering the intervening country with water, and a Ferre Achery, Marot, Brissay, Moigny, Brissy, Hamécourt and Bertencourt stood out like islands. The nature of the soil and the dry weather of the spring disappointed their hopes of creating a permanent moat in front of their new positions and a tour of the French front lines in this vicinity today showed that scarcely a trace of the inundations remained.

Far away to the north and east broad undulating lands offering little opportunity for the construction of defensive positions, but to the south and east were the great forest covered ridges of St. Gobain and the upper forest of Coucy behind which lies Laon. It was impossible even in the clearest light to penetrate the mysteries of these deep woods, where the Germans enjoyed splendid cover.

The roar of the thousands of cannon coming from farther south and east told of the tense struggle in progress for the possession of the 'hemine Des Dames, which the French have held firmly ever since it fell into their hands during the fighting of April and where they have fought back every desperate attempt of the Germans to recapture it in counter attacks delivered day after day and night after night. The German commander in chief evidently set great value on this position, for he had sacrificed thousands of men from his best divisions in order to regain possession of it—and in vain.

Lying in a sort of clearing of the forest of St. Gobain lies the town of St. Gobain, famous in times of peace for its manufactory of mirrors. As the correspondent watched, shells from the French batteries south and west of the town fell all around the factory, and the German troops in the vicinity must have been forced by the bombardment in to their shelters. Barisis Septvaux and other villages which have been mentioned frequently in the communities of both sides since the beginning of the French advance could be distinguished when the rays of the sun struck their red roofs.

American and French aviators constantly fly over the German positions to observe the movements of the troops occupying them, but their asks are rendered extremely difficult owing to the thick woods. They have, however, been able to distinguish far behind the German front lines, certain indications that a serious intermediate work has in some places been begun and in others completed in view probably of a further retirement by the German army to another line.

This retirement when it takes place will not be a voluntary one, but would be the result of pressure by the French army.

## PREDICT ANOTHER WITHDRAWAL OF GERMAN FORCES

New York, June 15.—The British campaign in Belgium gives signs of developing into one of the most important of the war. The Germans apparently are unable to resist the pressure being constantly applied to them and are being forced back at a comparatively rapid rate. Today brings the announcement of another considerable advance by the British in this area. They attacked last night in the region south and east of Messines and on both sides of the Ypres-Comines canal, gaining all their objectives and capturing one big gun and seven machine guns together with 150 prisoners.

The line in the British movement extends for a distance of about seven miles from the village of Kleinille, beke south to the river Wardneve. Last night's attack, the culmination of constant pressure yielded General Plumer's troops the German front trenches between the Wardneve and the Lye besides additional ground won to the north, in the sector between Ypres and Comines, the official statement indicates.

Signs of a probable further retreat of the Germans are not wanting. Correspondents have reported the withdrawal of the German big guns in the Area east and southeast of Messines to the extreme limits of their range. The British artillery command of the situation seems to be almost wholly responsible for this and the other yielding tendencies of the Germans.

The British big guns secured their advantage when Messines ridge, the only commanding eminence in the region, was stormed at the opening of the offensive. General Haig's despatches have indicated that important developments might be expected to grow out of the offensive in Belgium and his prediction appears to be in the way of being made good.

## PROMINENT SOCIETY WOMAN AGAIN LEADS

ALL HER FAMILY AND A HOST OF FRIENDS PLEASED

For a long time she made an uphill fight against a bad case of nerves and ill health. Doctors, Sanitariums and Medicines had been tried without any improvement. Still she was a plucky little woman and did her best to brace up and appear cheerful on account of the family though she gradually kept growing from bad to worse to the dismay of her husband and children. Things were indeed looking tough when the housekeeper said to the husband: "I am going to break my rule and butt into family affairs for once even if I lose my job, for I firmly believe that the trouble with the mistress is that she has gone the 'Social Whirl' so hard she is all run down and her blood and nerves need the same medicine I took. Do you remember my condition last spring? I took Phosphated Iron and believe me it made a new woman of me in short order and I wish you would try it for the misses."

Ready to try anything the husband phoned to his druggist for a box and in a few days the whole family noticed the improvement. It just seemed as if the woman's whole body was starting for Phosphorus and Iron the way it took hold, her cheeks filled out, had a healthy rich color, appetite returned and she had more strength and vitality than in years, and absolute freedom from all nerve trouble, slept like a top.

The same story can be told of hundreds of men and women who have experienced the benefits of Phosphated Iron. Every doctor will tell you that you must have plenty of Iron and Phosphorus in your system if you want healthy, strong bodies and nerves. Get a box of Phosphated Iron today and make a fresh start. Feel like doing things once again.

## GREAT THROG HEARS PATRIOTIC ADDRESSES AT ELK FLAG RAISING

Flag Day was fittingly celebrated last evening in a manner most unique, the exercises being under the auspices of the Elk lodge of this city. It was unique in that it was probably the first flag raising ever taking place at night in this part of the country.

A great mass of people turned out for the occasion, the square, sidewalks and roadway being lined with people, and they were well repaid for being present, for in addition to hearing an excellent concert they heard one of the best patriotic addresses ever heard in the city, delivered by Hon. Ralph D. Cole, former congressman from the Findlay district and comptroller of the treasury under the latter part of the Taft administration. Mr. Cole is practicing law in Columbus.

A concert was given by the Buckeye band under the direction of Fred Abbott, from 7 to 8 o'clock. The band was assisted by Corinne Inez Lockman, late soprano with the Indianapolis Military band. Her singing, and she was generous with her numbers, was enjoyed by everyone.

The Buckeye band is composed of the city's best musicians and Newark is justly proud of that organization. All are thorough in their work and the band has the reputation of being one of the best in the state. It rendered a splendid program last evening, one of the numbers being a cornet solo by Frederick Connell. Other numbers were patriotic airs and marches and the big crowd was delighted with them all.

The concert was given from a large platform erected in front of the Elk club rooms and it was also occupied by the speakers and the band. At 8 o'clock James R. Fitzgibbon addressed the crowd and explained the purpose of the meeting. Mr. Fitzgibbon is a favorite with Newark audiences and he waxed eloquent as he referred to the part which this government is taking in the world's war.

He gave a description of the American flag, telling of its origin and how since its conception and acceptance by the government it has never trailed the dust and was as people have never been forced to bow their head in shame. Now it would carry victory to our allies and assist in establishing freedom and equality throughout the world.

Mr. Fitzgibbon then announced that the Elks would raise their flag and while Mrs. Lockman sweetly rendered "The Star Spangled Banner," a huge silk flag was raised to the top of the building and as it caught the breeze and search lights from nearby buildings were turned upon it, it was a most inspiring sight and the thousands of spectators broke into cheers which continued for several minutes.

After the demonstration Mr. Fitzgibbon requested everyone to take the oath of allegiance and it was done with a will. Thousands of right hands went up as their owners repeated:

"I pledge allegiance to my flag and the republic for which it stands, one nation, indivisible, with liberty and justice for all."

Mrs. Lockman then rendered "America," the band playing a patriotic air and the chief orator of the evening, Mr. Cole, was introduced. Mr. Fitzgibbon who in doing so paid him a splendid tribute. Mr. Cole's address was patriotic from start to finish and as he told of the horrors and atrocities committed by our enemies a shudder swept over the crowd; then as he delved into the part being taken by our government and the sacrifices which we will be called upon to make young Americans a thrill shot through the crowd and the speaker was cheered again and again. He paid President Wilson a deserved tribute, our soldier boys many encomiums, and then made a plea for everyone to do their bit. He urged all to subscribe for Liberty Bonds and it was more than an eloquent appeal and there is no doubt that it will result in many a bond being subscribed for by our citizens today.

Mr. Cole said in part: "We have committed an act of war against no nation. We have assailed the sovereignty of no power. Our conduct as a nation has been in harmony with the letter and spirit of the moral and international law, and none of the arts of subterfuge, nor the deception of diplomacy can shift the crisis in which we find ourselves upon our shoulders."

We have expressed our opinions and declared our preferences as individuals, but as a nation we have not passed judgment upon the original issues involved in the European war, nor fixed the responsibility for the origin of the terrible conflagration now sweeping the eastern hemisphere.

We are not waging an aggressive warfare. We are not waging a war of conquest. There is no territory which the United States covets, our conscience is clear and as the bitter cup of international conflict is being pressed to the American lips I thank God that the American cause will find full vindication in the hearts of mankind throughout the world.

The issue between the United States and Germany is well defined. Germany claims the right under the terms of international law to take the life of American citizens when engaged in the lawful pursuits of peace upon the high seas. We deny that Germany or any other nation possesses any such right. Germany has asserted her claim with force. We have denied it with words, but now we are going to answer Germany's challenge to civilization. On last Tuesday ten million of the flowers of America's young manhood answered the challenge of Germany and now we intend to throw billions of dollars into the balance to back them up upon the firing line in France.

What we did to Great Britain in 1812 for taking away the liberty of our citizens we are going to do to

Germany now for taking the life of our citizens.

The first duty of a government is protection to its citizens. The first duty of a citizen is allegiance to the government and a government that fails to secure its citizens in the exercise of their rights to life, liberty and the pursuit of happiness is not entitled to the allegiance of its citizens. The obligation is mutual and if a government asserts a claim to the allegiance of its citizens it must protect its citizens. That is what the United States intends to do at any cost upon the high seas in 1917.

In this war of today what is the greatest service we can render? In the first place we can finance France. France assisted America in the war of independence. She sent over an army; she sent her navy and she gave financial assistance. We have been enjoying the blessings of freedom in America for 140 years. We have been drawing interest on the investment of France, and I say that it is time that we return the interest on her investment and assist in financing France in her fight against Germany.

A few years ago Teddy went around the world and he called on the Kaiser. The Kaiser trotted out his army to show to Teddy—the greatest army in the world—Teddy had sent him the battleships of the United States around the world a few years before to impress the Kaiser and the Kaiser was just returning the compliment. Teddy sat there on one of the Kaiser's magnificent steeds taking in the splendid spectacle and when it was all over and the sun had gone down Teddy turned and said "Bill, you can lick the world." And the Kaiser was foolish enough to think that Teddy meant it. Now I want Teddy to go back and tell the Kaiser that he was just fooling; that he didn't mean it; that he might lick Europe, but he can't lick the United States of America.

There is only one political party in America today and that is the American party, and every political organization will stand behind the President of the United States in the prosecution of this war. When the government of the United States places its stamp of approval upon war policy, whether we agree with that policy or not, let us be patriotic enough to swallow our individual opinions and stand by the Government of the United States in whatever position it may take. We need harmony; we need a spirit of national unity in the United States at this time.

I see that the Kaiser is depending on a large measure for the success of his war upon the disloyalty of the Germans in the United States. Here is a quotation from an editorial taken from the greatest German newspaper, the Cologne Gazette and it says: "Our best allies will be now, as formerly, the German American." If the Kaiser is depending upon the Germans in America to help him in this war he will be the worst loked king that ever sat on a throne.

Now that the war has been declared there is no midway station in patriotism. We are either loyal to the American flag or we are enemies.

I am informed by the Lieutenant in charge of the recruiting here that he needs a few more boys. I advise your young men to join the local company so they can be with the boys from their own town. It is better to be associated with the boys you have been associated with at home than to be assigned to some other section of the United States. Then there is another consideration: Ohio has always discharged her obligation towards the Government in a most patriotic manner. Let these organizations from Ohio be filled with Ohio boys and let them maintain the exalted standard of service that has characterized the soldiers from the Buckeye State in all the wars.

When there is another thing of great importance and some other section of the United States is doing the government a favor when you buy a Liberty Loan Bond, but you are doing yourself an act of justice. The Liberty Loan is absolutely secure. It is the greatest investment for savings being offered to the American Republic. It is as good as gold. The Liberty Loan is the bond of the Union.

In conclusion, Mr. Cole said: This is not Europe's war alone. This is America's war. This is the war of freedom. This is the spirit of America fighting for existence on the plains of France. Where must America stand in such a conflict? There is only one place and that is on the side of human freedom and the human family. So, my friends, arise, as your ancestors have done in the past. Arise as did the men of the Revolution. Awake as did the boys in blue of '61. Freedom must prevail throughout the world and America must see that it does prevail. Do your duty by your country; by your institutions; by your God and the freedom of the earth will be safe against the savage assault of despotism.

At the conclusion of Mr. Cole's address Mr. Fitzgibbon thanked the audience, praised the Elks for their enterprise in properly and fittingly observing Flag Day and which the band rendered "Auld Lang Syne."

The steel flag pole which was raised last evening was a gift of Herbert Webber, superintendent of the McNamara machine works, at which place it was assembled. Mr. Webber, with the assistance of several of his Elk brothers raised the pole and last evening with a trustee of the order Harry Starr, Paul Warner, Warner Devore and several others, had the honor of drawing the flag to its position. The big gilded ball which surmounts the flag staff was the gift of Louis Benz, manager of the Pacific bowling alleys and it was guided by Clarence Place, an enthusiastic Elk. In fact everyone wanted to "do their bit" in the flag raising and the result was a very

## WE MUST NOT FAIL.

The people of Licking county are beginning to understand that the United States is at war and to realize the great responsibility that lies before them. The public until very recently has felt that the great war was over yonder, that the broad Atlantic separated America from the scene of conflict and that so far as we were concerned, Ohio was concerned it didn't make much difference what took place it wouldn't hurt us.

The indifference of the public was evidenced by the small attendance at the recent patriotic meeting in the high school auditorium—a marked contrast to the enthusiastic cheering crowd that witnessed the flag raising under the auspices of the Elk lodge and heard the patriotic speeches of the Hon. Ralph D. Cole and Hon. James R. Fitzgibbon last night.

When a group of Newark men visited the village of Utica a few days ago on behalf of the Red Cross very little interest was shown but after the importance of instant action was brought to their attention, the leading men took hold of the proposition with a will and today Utica is thoroughly aroused and will do its part.

A number of men motored to the town of Croton on Wednesday evening to address an advertised meeting on behalf of the Red Cross but less than a dozen people had assembled in the church where the meeting was to take place. Not dismayed by this apparent indifference, the speakers went to the public square and from an automobile spoke to the crowd that quickly gathered. For more than an hour the crowd stood to listen and to learn. Not a man or woman left the crowd while the speakers addressed them and from expressions heard at the close of the meeting it was evident that Hartford had awakened and it had been all over this county and all through the middle west.

The people are getting aroused. They are beginning to realize that the fight is on and that we are in the midst of it. They now are seeing that the presence of General Pershing in France, the presence of our battleships and destroyers in the war zone, the advance guard of aviators and soldiers in Europe are but the forerunner of the great American army that will soon be on the firing line to crush Prussian autocracy which is backed by the greatest fighting machine the world has ever known.

At first the people of this section were slow to respond to the appeal for the purchase of Liberty bonds but in the closing days of the campaign it developed that Licking county had oversubscribed its allotment of \$175,000. At first the people imagined that the Red Cross was sort of a ladies' aid society. Some of them believed that to become a member meant foreign or field service of some kind, but the campaign of education has taught them that the Red Cross really is—the heart of the American people—the instrument by which real help is extended to the victims of the war.

The campaign for Red Cross funds was received in the beginning with indifference just as the appeal for the sale of bonds was met with indifference, but as the day for starting the great hundred million dollar drive approaches, the people are showing interest and enthusiasm which promises successful results. Next Monday 200 leading Newark men will go out to get Red Cross subscriptions and at the same time men and women in every section of

## EVIL CONSTANTINE.

(Philadelphia Record.)

The inevitable has happened in Athens. It has been long arriving, but it has got there. The only German interest in Greece was the sister of the kaiser, her husband and her oldest son. Against these three were the Greek obligations of honor and signed pledges to Serbia, the Greek hatred of centuries for the Turk, and the bitterness of Greece against Bulgaria since four years ago.

Greece was bound by treaty to go to the succor of Serbia. It did not do so because Serbia was attacked by the Austrian tools of Queen Sophia's brother. It was bound by interest to thwart the ambitious designs of Ferdinand of Bulgaria and to hold what it got from the Turk in 1912. It was bound by the bitter recollections of the defeat of a little over 20 years ago, to be hostile to Turkey in any issue. It was not forgotten in Greece that Germany had trained the Turkish troops and educated the Turkish officers who humiliated Greece in that war.

Germany has to be fought in the Balkans. That is where the war began. That is essential to the German dream of "Berlin to Bagdad." Wilhelm II. and Haroud el Reschid, Gott and Allah. To get into the Balkans the allies needed a Greek port. The Germans have tried to justify their course in Belgium by the presence of the allies in Greece, but have failed. The fact that Belgium preceded Greece is destructive to the German excuses. But there is no analogy in the entrance of the allies or their conduct.

The allies entered Greece upon the invitation of the prime minister, who gave the invitation in fulfillment of Greece's obligation to aid Serbia. They have made no effort to conquer, strip, rob and wreck the country. They established themselves at Saloniki. But while the brother-in-law of the kaiser was on the throne and controlled the greater part of the army aggressive movements by the allies were restricted by the danger of a fire in the rear. The allies have held their position and awaited events in Athens. Events were slow in coming, and they have finally convinced them to do but to abdicate and leave the country with the sister of the kaiser and the crown prince. The second son is believed to be free from the malign influence of his uncle and to be acceptable to the people and to the allies.

It has been predicted sometimes that the war would end where it began, in the Balkans. This region is the keystone of the Hamburg-to-Persian-Gulf arch projected by William II. The prediction may possibly be realized. With the Hohenzollerns out of Greece and with the country lined up with the allies, in accordance with the sentiments of the people and the destinies of the kingdom, General Serrail may find it possible to overwhelm the Bulgarians and rescue Rumania and Serbia. If the alimentary canal between Germany and Turkey can be cut the latter will shrivel and fall into the hands of the allies.

## AEROPLANE BATTLES.

(Ohio State Journal.)

The Aero Club of America is asking the United States to spend one billion dollars on aeroplanes and put 100,000 of these flyers on the battle fronts. It is said there is nothing so effective in hurting the enemy as dropping bombs upon them. It is the only true way to get at them. Trench fighting is slow work, and attacking the enemy from overhead will drive them from the trenches. It has been tried in the battle of Messines Ridge, which was won by the flyers. What a change there will be in the management of battles! It is predicted that the aeroplanes will terminate the war inside of a year. If they do, the billion dollars will be well spent. And how the scale of expenses is changing. A billion dollars seems to be the favorite requirements. Of course the matter of money doesn't figure much, if it brings results. There should be plenty of aeroplanes, but it may be questioned if a billion dollars worth of them is not going to be too strong all at once.

## FILL UP THE RANKS.

(Pittsburg Gazette-Times.)

Uncle Sam invites 70,000 men to enlist at once to bring the regular army strength up to the 300,000 required to be maintained in time of war. Here is the chance for men who will not be considered under the draft law on account of age. Volunteer recruits may be from 18 to 40 years old. Here, too, is opportunity for the man who does not wish to be drafted. To be sure, recruiting is going on all the time and will continue throughout the war, but this is a special call for men to complete the new regiments of infantry and field artillery and to fill vacancies in existing organizations. Early service is assured. Fighting with Pershing is probable for those who seize this opportunity to join the regular army. The ranks ought to be filled long before the expiration of the 14 days in which the war department hopes to secure the 70,000.

### Food Control Needed.

The law of supply and demand has broken down as a controller of prices. The Entente powers are bidding against each other for America's dwindling food reserves. It is a case of everyone, American and European, fighting for his own interests without thought or of the interests of the rest. The strong hand of the Federal government is required, and at once. America needs an intelligent, efficient food administrator. —Cleveland Plain Dealer.

### The American Army.

We need an army, but not an autocratic army. On duty there should be, of course, stern discipline, prompt work and strict attention; off duty the same equality of the civil walks of life. In the past, in the fear that this was not so, young America sometimes has hesitated to become a soldier. He did not want to be a menial, but a soldier; he did not care to be a servant, but a warrior willing to work and fight. The trust service is rendered by those least subject to humiliating actions. —Los Angeles Times.

### An Awakening Coming.

No harm can come from statements such as that of Congressman Fitzgerald, who fears that we must be shocked by a long list of casualties before we begin to realize the seriousness of the war. None the less it is a fact that a real beginning has been effected. There was really enough about the registration. And all who registered realized. They need no awakening. Nor can the buy-a-bond movement be whistled down the wind as a source of arousal. It has stirred and is stirring. It has taken hold. —Brooklyn Eagle.

### What the Russians Did.

Early in the spring there were rumors of an Austrian offensive in the Trentino. A successful invasion of Italy at this point would endanger Milan and perhaps Turin and Venice. The vigorous Italian offensive in the Carso averted this peril. But the military paralysis of Russia has released the Austrian forces formerly employed on the eastern front. Thus Gen. Cadorna has been checked, and it is still an open question whether he can continue to hold his own against the increased odds. Perhaps he can; the Austrians have not yet accomplished as much as they hoped to accomplish. But it is clear that Italian resources would be strained to the utmost to meet a simultaneous attack in the Trentino. Here is one of the victories for "Liberty" that the radical revolutionists in Russia have won. —Philadelphia Ledger.

## How National Advertising Makes Satisfied Customers For Dealers

(Copyright—Mailory, Mitchell &amp; Faust)

Does it pay the dealer to handle advertised products?

This might be considered almost synonymous with the question, "Does it pay to make sure your customers will be satisfied customers?"

Take a specific case. A customer comes into your store and asks for a well-known brand of mince meat which she has seen advertised extensively. The dealer hands her the size of package she desires and she walks away a perfectly SATISFIED customer. She has received exactly what she wished.

She is satisfied! More than that, her respect for this dealer and his store is heightened. He has established with her a reputation for handling goods of best quality.

Contrast this sale with another in a different store which does not handle advertised products. Another lady comes in and asks for the same article. This dealer does not carry the advertised brand asked for, but takes from the shelf an unadvertised brand which he offers instead. He assures her it is "just as good," and after an argument perhaps she accepts it.

But she is manifestly disappointed. She has not received just what she wanted.

She has accepted the dealer's substitute, but down in her heart she is apt to distrust his statement. She is apt to feel skeptical about her purchase, and to be no longer in a buying frame of mind. And probably she goes out and to a different store to complete her purchases. At least she will probably go elsewhere next time.

Or it may be that she firmly refuses to accept the substitute offered in spite of the dealer's argument.

She knows what she wants and insists upon having it. She leaves the store without making a purchase and goes elsewhere. Her respect for that dealer and his store is lessened. She has gone away more than just dissatisfied. She resents the attempt of the dealer to persuade her that she did not know what she wanted.

It pays the dealer to handle advertised products. Advertised products are ACCEPTABLE to the customer. And satisfied customers mean a healthy business for the dealer.

Men folks can't imagine the steps a woman takes and the many things she does to keep home cozy and clean. Only women know the true meaning of the word "housework."

Mrs. Susie Vickroy, R. F. D. 3, Lancaster, tells this for the benefit of other women.

"I can do my housework with ease," she said. "I can start in the morning and keep on going until I am through. I never stop to rest. Several weeks ago I could hardly drag around."

"For years I had catarrh. My head ached and I got stopped every time I caught the lightest cold. I coughed and coughed and coughed. Finally rheumatism set in."

"I tried first one thing and then another, but nothing relieved me until I took Tanlac. Then my troubles ceased. I have not had a headache for a long time. My cough is gone, and my head is as clear as a bell."

"I have been benefited so much by Tanlac that I feel it a duty to tell my experience with it."

Thousands recommend Tanlac for headaches, dizziness, unsound sleep and other symptoms.

The annual celebration of flag day was held on Tuesday afternoon, June 14, by the members of Hetuck chapter, D. A. R., at Bay Cove, the beautiful country home of Mr. and Mrs. D. W. Bay. The members and their guests formed a picnic party, numbering over seventy, who seemed to enjoy the afternoon to the utmost. Mrs. Theodore Johnson of Granville well known in musical circles here, delighted the guests with several song numbers. A bountiful picnic supper further added to the enjoyment, and the entire time was most enjoyably spent in spite of a small shower in the afternoon.

As the wedding of Miss Mary Louise Rank, daughter of Mrs. C. V. Rank of North Sixth street, and Mr. Grover F. Hart of Springfield will take place on June 21, Miss Rank entertained with two charming farewell parties on Wednesday and Thursday evening.

A number of the friends of Miss Rank were invited to dinner and the announcement of the date of the wedding was made. On both evenings the dinner appointments were in pink. An oval mound of pink roses centered the table, and unshaded pink candles afforded the light. The lace was pink heart-shaped with the heart-shaped confectations, and the cards which contained the announcement were placed beneath the lace. It read: "Mary Louise Rank, Grover F. Hart, to be married June 21, 1917, at 8 a. m., at First M. E. church. Welcome."

The wedding will be marked by the greatest simplicity, and this opportunity was taken by the bride to invite her friends to the church. Miss Rank was graduated from the Newark High school, and attended Denison university. She has been a successful teacher in the Newark schools. Mr. Hart is the son of Mr. and Mrs. John Hart of Buena Vista street. He attended Ohio State University and was graduated from Ohio University in pharmacy. He is now engaged in the pharmacy business in Springfield.

Miss Rank's guests were: Mrs. Clyde Irwin, Mrs. Walter Frazier, Mrs. Lester Black of Covington, Mrs. George Meyer, Mrs. Louis Meyers, Mrs. Charles Dugan, Mrs. Howard Jenkins, Mrs. Sherman Baggs, Mrs. Malcolm Baker, Mrs. H. F. Moninger, Misses Amy Alspach, Edna Martin, Emma Kammerer, Dot Woodward, Besse Tafel, Helen Redman, Lillian Kammerer, Florence Montgomery, Mabel Mitchell, Florence Hart, Annabel Conrad, Pearl Meyer, Ethel Brillhart, Nellie Ryan, Bertha Stevens, Flavia Dunstan, Sarah Ryan and Molina Stevens.

The Willing Workers class of the Licking Baptist church was delightfully entertained by Miss Mae Brookover, at her country home north of Hebron, on Wednesday afternoon. After a short business meeting the time was spent in crocheting. A delicious luncheon was served to the following members: Misses Maud Orr, Viva Orr, Mary Ruffner, Lois Buckland, Mrs. Hazel Adkins, Mrs. W. B. Evans, Mrs. Burrell Ruffner, Mrs. N. B. Mellinger, Mrs. Paul Kochendorfer, and one guest, Mrs. Kochendorfer, and the hostess, Miss Mae Brookover.

The next meeting will be at the home of Mrs. Hazel Adkins in July.

Mrs. Clarence Johnson entertained the members of the Isola club at her home in Moul street, Thursday. A pleasant afternoon was spent in sewing and a contest was held in which Mrs. Galloway and Mrs. Newcomer won the favors. A delicious two course lunch was served to the members and one guest, Mrs. Nether.

The next meeting will be at the home of Mrs. Downey in Main street on June 21.

Mrs. P. J. Fairall will entertain the Miscellaneous Needle Workers' club at her home, 104 Elmwood avenue, Saturday afternoon, from 2 until 5 o'clock.

Mrs. W. E. Schantz entertained at her home, West Church street, honoring Mrs. Parker Wolfe of Bowers avenue. Miss Junia Sells and Mrs. Reed Harris furnished the music for the evening. The out-of-town guests were: Miss Curtis, Mrs. J. F. Schantz of Martinsburg, Mrs. H. C. Dowd of Dayton, Mrs. W. R. Counter of Michigan, and Mrs. R. D. Spencer of Pennsylvania.

The members of the Sempster Fidelity class of the First Presbyterian church entertained with the annual banquet at the First Presbyterian church, Thursday evening. About seventy-five guests were entertained. The tables were arranged to form an open square, and the center was filled with American flags and a flower border, resembling a flower garden. The decorations carried out the color effect of red and white.

Miss Myrtle Lucas acted as toastmistress, and toasts were given to Mrs. Bohrer and Mrs. Boyer as captains of the two classes. Mrs. Hazlett, teacher of the class, was dressed as "Betsy Ross," and as the day celebrated the 140th anniversary of the making of the American flag, Mrs. Hazlett gave a history of the flag.

Music was furnished by Miss Helen Nichols, Mrs. Mary Hoover and Mrs. Swaine. Mrs. Boyer gave an interesting reading, and Miss Genevieve Forry talked on missionary work. The event concluded with the singing of the class-song and the pronouncing of benediction.

Mr. and Mrs. Oren Harter and daughter Evelyn, entertained with a delightful 12 o'clock dinner, Sunday, at their home, 411 North Fourth street.

Their guests were: Mr. and Mrs. Earl Neighbour of St. Louisville, Mr. and Mrs. M. C. Harter of Thornville, Mr. and Mrs. Joe Fuik of Alexandria, Mr. and Mrs. Walter Puffer of Newark, Mr. and Mrs. E. C. Harter and family of Newark.

The H. and F. M. society of St. John's Lutheran church, Franklin township, held their monthly meeting at the home of Mrs. George Vance, Thursday afternoon, June 7.

## The KITCHEN CUPBOARD

### WEEK END MENU.

**SATURDAY—BREAKFAST.**  
Stewed Evaporated Apples.  
Baked Rice and Cream.  
Fricassee of Dried Beef.  
Cinnamon Rolls. Coffee.

**LUNCHEON.**  
Codfish Salad (Leftover Cod).  
Olive Sandwiches.  
Apple Pudding, Foamy Sauce.

**DINNER.**  
Celery Bouillon.  
Baked Spiced Ham (Smoked).  
Spinach, Vegetable Salad.  
Coffee Froppe.

### Light Desserts.

**PRUNE PUFFS.**—Place two cupsful cooked prunes in a buttered baking dish and pour over them a batter made from three cupsful of flour, three teaspoonfuls of baking powder, one-half teaspoonful of salt, two teaspoonfuls of melted butter, one cupful of sweet milk and two beaten eggs. Bake until the crust is light and a straw comes out of it clean. Eat with sauce made from one-half cupful butter rubbed into one cupful of sugar, set in a bowl over a steaming kettle and whip in the white of an egg until foamy. Prunes should be stoned.

**Peach and Rice Mold.**—One-half cupful rice, one cupful milk, one-fourth cupful sugar, one level teaspoonful of salt, one teaspoonful of butter, one cupful canned peaches.

Wash the rice. Put on it two quarts of boiling water, boil ten minutes, drain, then put in top of double boiler, add the milk, salt and sugar and boil forty-five minutes. Brush small bowl with butter and put the halves of peaches around. Put sides against the bowl, then fill in the hot rice. Press firm and set in cold place (this can be made the day before). Turn out on plate, garnish with a little red jelly. Whipped cream may be served.

**Baked Apples With Whipped Cream and Nuts.**—Remove cores from apples without cutting apple in two parts. (Red apples preferred, as they make the sirup a rich pink.) Place in pan with enough water to cook well. Bake until tender. Then sprinkle with sugar and let bake ten minutes longer. Remove from oven and when cold serve apples with the sirup and all cavity with whipped cream and nuts. Use both on top of apples as well.

**Fruit Charlotte.**—Bits of almost any preserved or fresh fruit may be used, bananas, Maraschino cherries, peaches, strawberries and preserved ginger being excellent. For five persons allow half a pint of chilled double cream. Whip it until it retains its shape. Sweeten very slightly with powdered sugar and fold in the chopped drained fruits. Combinations of different fruits are excellent. Line flat, slender glasses with halved lady fingers, fill up with the fruit cream and ornament with a few crystallized cherries.

## Milady's Boudoir

The prettiest teeth are pretty because of their unobviousness. They should be even, unbroken line of whiteness between the parted lips. They do not make themselves unduly conspicuous by protruding; they do not call attention to themselves by expensive gold-fillings. They are just a set of teeth that appear to have grown correctly in their appointed places and to be white and well-kept because of careful attention.

But, oh, the difference such a set of white, even, inconspicuous molars can make in the charm of a smile. As a matter of fact they may be sadly neglected teeth. They may be white because their possessor has a perfect digestion, not because of a sedulously-applied toothbrush. They may be even because the jaw they grew in happened to be plenty large enough to accommodate them, yet they are a more priceless possession than another set of teeth upon which hundreds of dollars have been expended, in enamel-fillings, bridge-work and plate-devices for straightening.

After adolescence little can be done to alter the position of the teeth, though there have been cases where very crooked teeth have been straightened and brought into line at the age of thirty. Wonderful things are being done in dentistry now, in the way of forming the shape of the jaw in childhood and youth by forcing the teeth into proper position by plate-wearing, and the next generation will see fewer receding chins, peaked jaws and overlapping front teeth than now spoil so many otherwise attractive faces.

Modern dentistry is doing wonders, also, in the replacing of hidden old-time false teeth on plates, with cleverly-built-in-teeth that are as much a part of the jaw as the natural ones.

If your shoulders are scrawny and show prominent bones, or if the skin is not as smooth and satiny as you would like, massage them with almond oil. The oil should be heated and placed in a warm bowl, a quantity of it placed between the hands and then both hands applied firmly and gently to the neck and shoulders and a soothing massage begun. As the oil is rubbed into the skin the supply of oil upon the hands is renewed. Do not take too much upon the hands at a time.

I must caution you regarding the weight of the massage to be given in

this instance. It is well to remember that to plump the flesh, an easy, light massage is used, while to do away with fat a firm massage is used that heats the parts rubbed and aids in dissolving the fat. A gentle pinching of the flesh also aids in plumping.

Daily exercise should be part of Milady's routine. It would be so simple to make it part of our day's duty's after we accustomed ourselves to the habit. Each morning take five minutes for deep breathing, touching your toes, and raising and lowering your arms, and see that sleepy feeling will disappear.

Deep breathing has much to do with the ivory tinted skins of the Japanese women—transparent skins that have upon them an entrancing peach blossom glow, although the Japanese woman has her other beauty secrets as well as the woman of the west. Some of these she guards zealously, but one by one they are coming to other lands.

Noses have much to do with beauty and also serve to stamp the owner with certain attributes of character. Whenever the "Roman" nose is seen, one can be positive that it's owner is full of enterprise and will make a success of herself, if it is humanly possible. When a ridge is in the center of a nose, it's possessor will be moderate and inclined to fight other people's battles.

In a nose with a ridge at it's tip the upward tilt indicates selfishness. The individual born with such a nose is always thinking of self, always striving for self advancement regardless of other people's rights. This is the kind of a nose to be ashamed of.

The "Grecian" nose, which knows not the meaning of the word ridge, only belongs to those people who are refined and artistic. While they may not possess quite enough stamina to make a financial success of life, they are always to be admired. No longer weep when you survey the wide tip of your nose, as it means that you are of a trusting and confidential nature, and this is nothing to be ashamed of.

When the bridge of the nose is thin, know that, whether you have much or little money, you will spend all you have whenever the opportunity offers, unless you intend to fight against fate and change into a woman of miserly tendencies.

I think you know without my telling you that the nose with a pointed tip belongs only to those women who are possessed of a reserved and cautious temperament. When, in addition, it droops slightly, suspicion and love of intrigue are indicated.

## Our Boys and Girls

An easy inexpensive method of fireproofing the children's clothes in spring bonfire weather, is to make a solution of ammonium phosphate as follows: Dissolve one pound of ammonium phosphate in one gallon of cold water, and a clear solution is formed, in which the garment to be fireproofed should be soaked for five minutes. Then remove the garment and let it dry, after which it may be worn with perfect safety, as it is absolutely fireproof.

This medical bath will not injure the fabric any more than does plain water and is non-poisonous. The ammonium phosphate comes in a powder at about 25 cents a pound at the druggist's and the article fireproofed will remain so until washed or drenched with rain. Draperies for entertainments and amateur scenery should be drenched with this bath to safeguard the participants in crowded festivities.

Avoid from babyhood giving children "tastes" of all kinds of foods suitable only for "grown-ups." Exclude from their diet coffee, tea, for they will learn to depend on the stimulant rather than foods. Use milk in which cocoa shells or nibs have been boiled for flavor.

Exclude from children's diets made over dishes that are combined with much fat, also rich sauces, pastry and fritters—in fact, fried foods of any kind.

A certain amount of fat is good, but is best in form of olive oil, cream top milk, crisp bacon and butter. Heating fat and cooking it, with other foods makes it much harder to digest.

I have found a very convenient way to hang little dresses and aprons in a closet without getting them mussed after they are ironed, and it takes less room.

Fasten a long stick across the top of the closet lengthwise; then take strips of cloth of any stout material and fasten them onto the stick, letting them hang down when ironed. Fold the little dresses and aprons with the two sleeves together and pin by the sleeves to the strips of cloth, beginning at the bottom.

They are neat and out of the way, and when you want a particular garment you can set it without disarranging the others. Have a cushion handy to stick the pins in as you take them down.

## Every Day Etiquette

"Kindly inform me what is the proper thing for a young lady to say to her escort upon arriving home from a party or dance," asked Jane.

"It is enough to say you have had a delightful evening and that you thank him for taking you," was her aunt's advice.

"I have received an invitation to a church wedding. What kind of a reply should be made?" was Elizabeth's question.

"Cards to a large church wedding need no reply. The invited guest attends or not as the case may be, since an invitation to the church part of the ceremony is hardly regarded as a proffer of hospitality," said mother.

"Will you please tell me whether it is proper when calling to leave your husband's card also in case the party is not at home?" asked Mrs. Newlred.

"Yes, it is proper to leave two of your husband's cards and one of yours," advised her sister.

## Our Service And What It Means To You

We want to run our business so that your business will be our business.

Running our business right is, as we see it, making our business your special friend. Doing that, we invite the special friendship of your business.

We desire your personal friendship—it is a pleasure. We desire your business friendship—it is a necessity.

It gives us joy to know that you like us personally; greater joy to know that your business and our business are getting along mighty well together—going hand in hand, so to speak.

So we run our business to make it worth while to your business. That worth-while feature is necessary to business friendship. You can't measure personal friendship in dollars and cents, but you have to measure business friendship in just that way.

That is why we sell implements that are famous for their quality and are adapted to the needs of this community. That is why we keep our repair and supply stock organized so that we can serve you quickly when time means much. That is why we keep in force many other special features that are sure to be profitable to your business.

The business friend in need is always the friend close at hand. That's a great advantage of our business. Our business doesn't call to your business "like a friend's voice from a distant field," but like a friend's voice right at your side, ready to help in the quickest and most effective way.

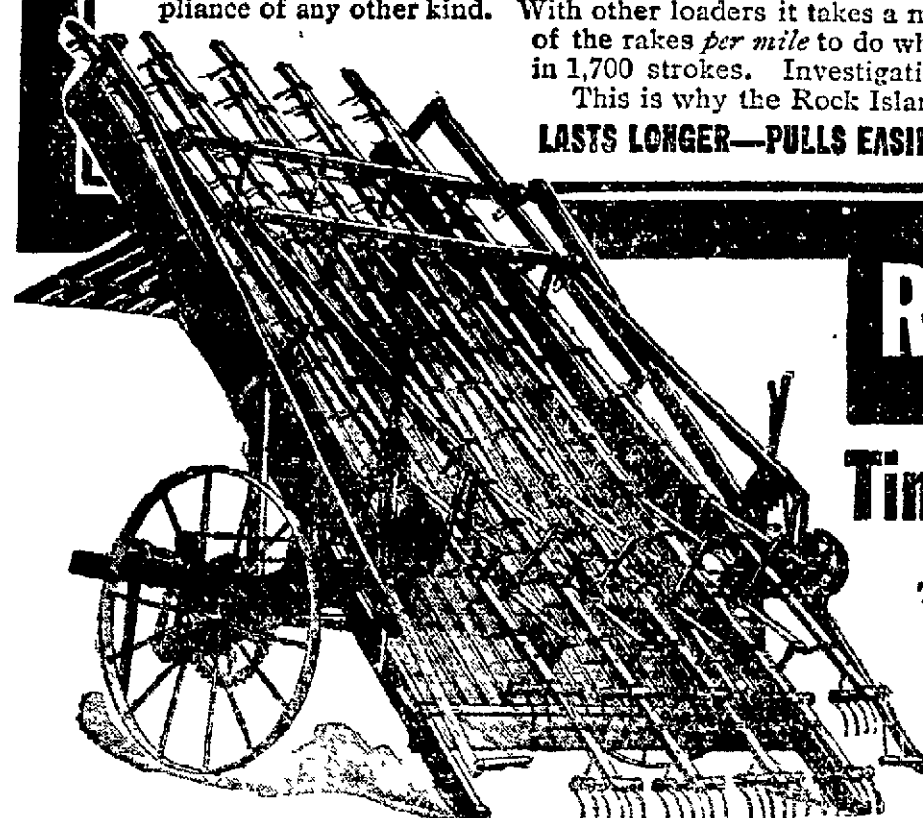

If you are not already on our big calling list, come in and let our business shake hands with your business.

## This One-Man Hay Loader

Saves labor and hire. The only Hay Loader with which one man can do the work of two and do it better

A wonderful hay rake and loader combined, that takes hay from swath and delivers it on wagon at any desired height *without* use of side delivery rake or appliance of any other kind. With other loaders it takes a minimum of 3,500 strokes of the rakes *per mile* to do what the Rock Island does in 1,700 strokes. Investigation will show the reason! This is why the Rock Island One-Man Hay Loader **LASTS LONGER—PULLS EASIER—DOES BETTER WORK**

**Rock Island**

**Time-Tried, Proven**

The Rock Island is built for service anywhere.

It rakes and loads hay on a side hill as well as going up or down or on a level. Handles light or heavy hay as well as clover, millet, blue joint and wild or prairie hay.

Ask any man who ever used one. Over 100,000 farmers use the Rock Island. They all say there never was a loader that would do the work as well and as easy. You will say the same if you use a Rock Island.

Let us show you this loader first time you come to town.

## THE GREATEST SHOW ON EARTH WILL BE HERE ON SATURDAY

This is Circus Eve. Barnum & Bailey Greatest Show on Earth will reach here tomorrow morning and then the fun will start.

Bigger than ever before in its history, the greatest of all amusement enterprises is eager to prove once more that it provides a form of entertainment that justifies its acceptance as an institution.

Soon after tomorrow's daybreak, it is expected, the four long railroad trains which are required to transport the circus will have reached this city. All arrangements have been completed for their undelayed processions to the railroad yards and for the speedy emptying of the 39 flat, stock and sleeping cars.

The show canvasman, "Happy Jack" Shellen, and his horde of burly followers will reach the show grounds first and immediately the work of erecting the canvas city of a day will begin. Thirty-two separate tents compose the Barnum and Bailey encampment. The smallest is the "back shop," the colossal among them the "big top," whose dimensions are 650 by 300 feet, and within whose protecting folds are arranged seats for 15,000 persons. Other individual tents shelter menagerie, horses, ponies, ballet dancers, acrobats, show business curiosities, musicians, physicians, dentists, postmaster and assistants, blacksmiths, carpenters, secret service men, painters and a host of other trades. The "cook tent," 4500 meals will be served tomorrow.

The street parade is scheduled to leave the show grounds at 10 o'clock tomorrow morning. Barnum and Bailey promise a stunningly grand and glorious pageant to the performance on the show grounds, a mighty, moving panorama without a parallel in professional amusements. More than 1000 persons and 700 horses are enlisted. In bewildering array will be viewed gorgeous military legions; massive, splendidly ornate chariots; floats of floats and floats; celebrated bands and novel musical ensembles; ladies of the world's most famous clowns and jesters, fiercest wild beasts in the world with their daring trainers; droves of richly decked elephants and camels; wardrobes and trappings that represent a fortune.

When the circus opens its gates at 1 o'clock tomorrow afternoon to receive the human parade of the 15,000 persons who stop to comment and observe in the menagerie tent will find 110 dens of rare and curious beasts ranged in a great ellipse. Three towering giraffes and a baby of the species will be on exhibition, forty elephants will stand in their great ranks, and a rhinoceros and a hippopotamus will attract attention. Barnum & Bailey contend that they have the finest and most selected collection of rare creatures of the wild in existence, that no other zoo in the world is so complete a veritable living encyclopedia of natural history.

It's just as impossible to crowd the circus performance into a single story as it is to do so in the 15,000 seats that look down upon the big arena and take in every feature of the spectacle. The spectator who could watch all the rings at once, see every feat of skill and daring and dexterity that is simultaneously enacted by gall-dressed trouper of shapely performers, watch the intermediate acts going on the four stages between the rings and not miss a single one of the antics of the companies of clowns, would be crowned the king of the freaks and placed on a pinnacle in the congress of curiosities in the show grounds. But that's one of the charms of the circus. There's not an American alive who doesn't like to feel that he is not only getting his money's worth of amusement, but that he is getting many times as much as he ever sees or can see. Like a child at Thanksgiving dinner, he can simply gorge himself with entertainment of every wholesome, vigorous variety and yet depart with such an edge on his appetite that his impulse is to go back again at night and start over again at the other end of the arena.

By way of a hors d'oeuvre, there will be presented a spectacular triumphal entry entitled "Aladdin and his Wonderful Lamp." But the ponderous presentation is only an appetizer, a mere cocktail to the feast proper. Scarcely will its curtains have been drawn than the huge arena enclosure will be alive with acts. There are troupes of elephants that can do anything from trotting around with each other's tails in their trunks to playing a game of baseball and dancing the tango; soloists, duos, trios, quartettes and companies of "human birds," acrobats who seem more at home on flying rings and lofty horizontal bars than on terra firma; equestrians and equestriennes who would make the centaurs themselves look like novices; contortionists who can tie themselves into knots easier than a snake can wrap up a package in a department store; equilibristas who do not care any more about the laws of

## MEAT UNNECESSARY

SAYS J. H. WATSON, M. D.

Meat is the most expensive article of diet, and the least necessary. Add milk, cheese, fruit, fresh fish, to vegetable articles and you have a good diet. The rheumatic should abstain from meats, or eat very sparingly. It is a well-known fact that in gout serious organic disease of the kidneys occurs. Such scientists as Fletcher, Minkowski, Hans, Vogt and Reach have shown that uric acid in excess is retained in the blood when the kidneys do not help excrete this poison. Uric acid retained within the body is believed to be the preceding stage or cause of Bright's disease. The excessive use of nitrogenous food or meats often increases uric acid.

High living, intestinal indigestion, constipation, disturbance of the liver, frequent chilling of the body—all result in retaining within the body an excess of uric acid.

The best way to overcome this condition and prevent rheumatism and gout is to drink plenty of water, say a pint of hot water morning and night with lemon juice squeezed into it, and take Anuric (double strength) three times a day. This can be obtained at any drug store. This is my invariable prescription for the rheumatic person, and it usually follows that the rheumatic pains, the backache, such as lumbago, pains in the back of the neck or limbs, will disappear. This Anuric by its tonic effect upon the kidneys encourages them to a greater activity, and thereby the uric acid is thrown out of the system. It is also well known that constipation and that greater evil, auto-intoxication, exacerbate every water between meals, and at least once a week take a vegetable laxative. Such a one is made of May-apple, extract of vegetable calomel and root of jalap, easily obtained at any drug store because sold for fifty years under the name of Dr. Pierce's Pellets.—(Advertisement.)

gravitation than a taxi chauffeur does only the "back limit," back-firing mules, boxing kangaroos, horses that can trot as gracefully as any cabaret performer on the circuit; make the audience and dogs that pose like artists' models; performing ponies, black-wire dancers that would make Houdini shrink at his own art; who can do a one-step on a slender cable ten feet above the ground as nonchalantly as if it were a balloon floor, and an army of trapeze performers who are the most accomplished that Barnum & Bailey have ever assembled.

Circus lovers will not be with relief that these thrillers have been replaced, that experience has demonstrated to Barnum and Bailey that more to the point, more delightful in execution by the circus spectacle as a whole than by isolated and feckless risks.

Tickets may be purchased at a special advance price at the Barnum & Bailey store at the same prices charged at the show grounds on the show grounds.

**Shows Grounds—West Church street.** Performances—At 2 p. m. and 8 p. m. Doors open an hour earlier.

**Feature—Magnificent pageant "Aladdin and his Wonderful Lamp."** Diminutive stage set 150 by 300 feet comfortably accommodating 16,000 persons. Three rings, four elevated platforms colossal hippodrome oval, wide as the show grounds, and a menagerie—Forty elephants, three heads of camels, four giraffes, 103 cages of rare wild animals.

**Tickets—On sale all day for both performances by a special circus representative at Erman's drug store. White ticket wagon continuously accessible for purchase at the show grounds. Red ticket wagon continuously accessible with the main entrance.**

**Arrival—In 39 double length railroad cars, comprising four train sections, at the show grounds. First section due at daybreak.**

**Departure—Soon after midnight for Cumminsville.**

## Amusements

**"ZIP" THE "WHAT-IS-IT"** Headed by the famous "Zip" known variously since the days of P. T. Barnum as "The Monkey-man," "The Missing Link" and "The What-is-it," there being a reunion of human curiosities with the Barnum and Bailey circus which will be seen here tomorrow. Since the passing of the "time mut-

"The Monkey Man" and his pet lamb.

seums" and the retirement of the freaks from circus life, these strange people have mostly gathered in little colonies of their own, in the suburbs of Philadelphia and New York, and live on a few acres of land. Most of the old-timers are wealthy and own their own homes, but, like all other members of the sawdust world, they long for the free, happy life of the circus, and they are prone to be extremely sensitive to their misfortunes, when left to their own resources. Seldom if ever is a freak to be seen in public when not on exhibition, and this explains the secluded little colonies where most of them have lived during the past few years.

So many demands have been made on the mania of the Barnum and Bailey circus by the public for the return of the freaks that an effort has been made this season to revive the old-time freak congress that was once a stellar attraction with the big shows. Of course, even of late years, there have been but a few freaks, and this nature in the side shows, but this season all the good old-timers will be on the job, as well as a host of new ones that have sprung up.

The giants, the human skeletons, the bearded women, the fat women, the Abbeys, the Abbeys, the tattooed women, the wild men, the strong men, the smileless men, the three-legged youths, in fact all the strange and curious population of human whatness in America and abroad will appear in the form of freaks with the Barnum and Bailey circus this season. Many of the old-timers, who amazed our time-fathers, will once more be on exhibition.

## AUDITORIUM NOTES.

The high school and commercial department of the St. Francis de Sales school, at the corner of 10th and 11th streets, will give a drama at the Auditorium today.

Tomorrow, Saturday, the Auditorium will offer the William Fox feature, "A Final Fight," a love story, a drama, full of thrilling moments from beginning to end. The locale of the play is a fishing village, the scenes showing many picturesque points that are really beautiful and interesting.

Miss O'Neil is known to the stage as one of the most successful actresses, and in "The Final Payment" she is seen at her best.

John Hickman, as the villainous owner of the fishing fleet and Charles Bruce, as the lover and husband, furnish the foils for Miss O'Neil's work. The picture is a picture of a picture should see it tomorrow. The showings are continuous, commencing at one p. m. and the usual Auditorium prices will prevail.

## "The Price She Paid"

What girl has not dreamed of marriage with a prince? Finance, with all her worldly worries drowned in a sea of luxury? In "The Price She Paid," such a girl fulfills her dream. The picture is a picture of a picture should see it tomorrow. The showings are continuous, commencing at one p. m. and the usual Auditorium prices will prevail.

two-on productions customary where only one director is at work is eliminated. This great picture will soon be seen at the Auditorium.

## ALHAMBRA.

**Tonight and Tomorrow.** Frances Nelson, greatest of emotional stars, shows to better advantage in "The Power of Decision" than in any of her screen productions. She was sublime in "One of Many," as the played girl who took the "wrong road" so that she might save the life of her invalid mother. "The Power of Decision," she is seen as a girl who tried to be truthful and upright and faced a desperate crisis in wrestling with her own past. She had to make a decision—to decide whether she would follow the "right road" or the "wrong road." There was a pistol shot—a tragedy—and the road was made plain to her. This play is one that carries its own lesson. It is one that will be talked about.

## Sunday.

On Sunday the Alhambra theater the Selig red seal play, "Little Lost Sister," has been booked. The Selig-K. S. drama was pictured by Seligson, Willy from Virginia Brooks' world-famous book and play. Among the star features are, George Fawcett, Vivian Reed, Al W. Wilson, Bessie By-ton and others. Monday's feature, "The Undying Flame," in which this great daughter to see "Little Lost Sister" It presents the problem of centuries but also presents a solution. Why do girls both educated and refined, become little lost sisters? How can their footsteps again be guided into the straight and narrow way? These questions are answered in this film drama produced by Al Green. Every mother should see it. It tells her daughters view this world. It is thrilling, inspiring and educational.

## RED CROSS WEEK AT THE AUDITORIUM

Manager Geo. M. Fenberg of the Auditorium, surely should be given credit for the good he is doing, for at every call where money is needed and he can be of service, he has given his theater and the attraction it contains, to help. Next week being Red Cross week, he will give 10 per cent of the proceeds of the entire week's business to that most worthy organization and has already made several special bookings on feature pictures for the week.

Monday and Tuesday, Mme. Petrova, well-known to Newark picture fans, will be seen in her first picture on the Paramount program, "The Undying Flame," in which this great Russian actress is seen as a "Oriental girl." For an added feature these two days, Max Linder, the famous French comedian, will be seen in a two-reel comedy, "The Come Across." Wednesday and Thursday Pauline Frederick will be seen in "Her Better Self," and as a most wonderful extraordinary feature the three-reel wonder picture, "The Star-Spangled Banner," by the Edison company, will be seen. This is a late release and wherever shown the audience goes wild over the scenes and events shown.

You can readily imagine what you will see in this wonderful feature, knowing how close Thomas Edison is to naval affairs, he being a member of the naval board. Friday and Saturday a William Fox masterpiece, "The Silent Lie," will be seen. Special musical features will also be given during the week. Bear in mind, a visit to the Auditorium next week means something towards the Red Cross, so tell your friends and be there yourself. During the week two beautiful dresses will be given to patrons of the Auditorium. This is a gift from A. Schiff to the Red Cross.

## WELL EQUIPPED

The store that is equipped to give you service and furnish you all your supplies for your auto is the store you will patronize. Unless you know where that store is you may pass it by. Yet you could hardly miss S. M. Wolfe's Tire Store at 59 Hudson avenue because he does his work so well that his friends tell others and they in turn tell their friends. Through service and excellent workmanship he merits your patronage. 6-15-17

## HUSBAND TAKES SHOT AT INTRUDER NEAR PATASKALA

A shooting affray took place east of Pataskala, Sunday, in which a revolver and a shotgun played a leading part.

A Columbus man, accompanied by a young lady, visited the home of a young married man living east of Pataskala on Sunday, and, as the facts are understood, endeavored to have the young married lady accompany them back to Columbus.

The husband objected, whereupon the men engaged in a hand-to-hand fight, with an ax and other handy weapons.

It is said that the Columbus man at last drew a revolver and fired at his antagonist, and the latter securing a shotgun let drive at the visitor, several shots entering the latter's face.

Both men called on Mayor Fravel to secure redress, but up to the present no legal action has been taken.—Pataskala Standard.

# DRAFT EXEMPTIONS

## How the Government Will Choose the First Contingent From the 10,000,000 Men Who Registered

The fact that practically ten million men of military age registered in one day in the United States is, in the opinion of American newspapers, this country's conclusive answer to all efforts to convince the German people that this is "Wilson's War" and that it is without popular support or approval in the world's greatest Republic. It is also, they add, our answer to "the spies, the conspirators, the demagogues who tried to obstruct the Draft Law." The history of the past several days will be read and studied in Berlin where it will be recognized, in the opinion of the Springfield Republican, as "a registration not merely of men but of a national purpose, indorsed, supported, and confirmed."

Now that the first step in raising an immense American army has been taken, the question, as to who will be exempt from military duty is engrossing public attention. In THE LITERARY DIGEST for June 16th the leading article gives a comprehensive account drawn from the press of the United States of the workings of the draft, and also includes the latest obtainable information as to the government's plan for passing upon the cases of men who have claimed, or will claim, exemption. Other articles of more than usual interest are:

## A Social and Business Asset of Great Value

There is no knowledge of more importance to the busy man or woman of to-day than accurate information on current events—a correct understanding of what is going on in the world about them, the great movements, social, commercial, and political, that are taking place daily and hourly. Such knowledge means everything to you. It will be a big advantage to you in your business, a valuable asset in society, and will broaden and clarify your view-point

in a hundred ways. THE LITERARY DIGEST is the one periodical that enables you to form an impartial opinion upon great world-happenings, because it gives you both sides of all the news and the important questions of the day, quoting without bias from publications of the most diametrically opposing views. It makes no attempt to influence your judgment, but leaves you to form your own estimate. You will find it more than worth while.

## NEWARK BOYS IN MILITARY TRAINING AT FT. HARRISON

[Special to The Advocate]  
 Ft. Benj. Harrison, Ind., June 15.—The Licking county men who are here in the training camp are standing up under their work in splendid fashion though the job is getting harder each week.  
 The division for the different branches of the service is to be made this week and some of the boys will probably leave for other camps where they will get special training along the branch in which they have enlisted. Harold Rutledge, John Pleek and Walter Tritippo are going in the field artillery, but the balance

of the Newark boys will stay in the infantry.  
 The meals continue to be very good, indeed, and no one fears any complications along those lines. Sunday we had roast duck, dressing, mashed potatoes, sliced tomatoes, coffee, bread, jam, ice cream and cake. We often have scrambled eggs, fried potatoes, oatmeal, apricots, bread, butter, corn, syrup and coffee for breakfast.  
 At present we are studying small problems in infantry, dealing with advance and rear guards and outposts. Since the weather has been so warm we have been having all the drills in the morning. The afternoons are devoted to conferences in

military science, army regulations and field infantry problems.  
 This morning we drilled from 7 to 10:30, with but 10 minutes rest. We carry full packs, including a blanket, poncho, canteen, belt, cooking utensils, bayonet and gun.  
 Leland Stevenson, Richard Jones and Harold Rutledge were acting lieutenants in their respective companies last week. Charles W. Montgomery is an acting corporal this week. All the boys are well.  
 Several of the regular army officers have been called to join the Pershing expedition, including Major Ely, the senior instructor, General Glen, the commanding officer, is a very fine man and has won the respect and admiration of everyone in camp.  
 The Ohio boys parade twice a week and have put it all over Indiana and Kentucky with their straight lines. We sing patriotic songs as we march

past the reviewing stand, such as the "Battle Hymn of the Republic," "Marching Through Georgia," etc.  
 We are devout every word of The Advocate, and are always glad to hear from any Newark people.

**McDONALD-PARKER.**  
A very pretty home wedding was solemnized on Thursday evening at 8 o'clock at the country home of Mr. and Mrs. W. B. Parker, three miles north of Newark, when their daughter Merrie was united in marriage to Mr. Guy McDonald. They were attended by Mr. Edward Moran and Miss Gertrude Parker, a sister of the bride.

The rooms were arranged with ferns and roses, the color scheme being pink and white. The bride wore a gown of white georgette crepe over silk and carried a shower bouquet of white roses. The bridesmaid's gown was of pink voile and her bouquet was of pink sweet peas. The Mendelssohn wedding march was played by Miss Helen Nicholas. Rev. R. E. Carmen, pastor of the Central Church of Christ read the ring ceremony in the presence of the immediate families.

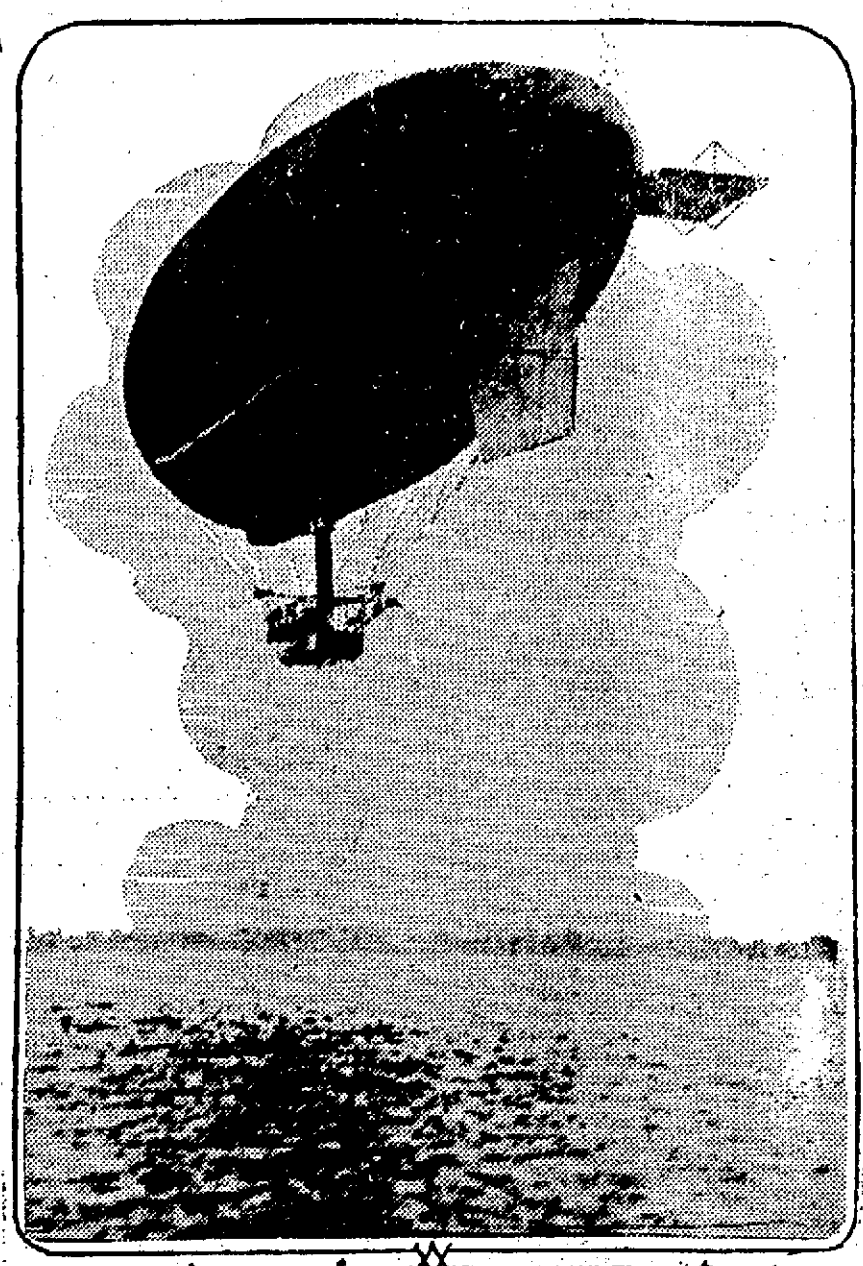

Following the ceremony a three course dinner was served in the dining room, where the color scheme of pink and white was again used.

Mr. McDonald is the son of Mr. and Mrs. McDonald of Black Run. After July 1, Mr. and Mrs. McDonald will be at home to their friends on a farm three miles north of Perryton.

This is an unusual photo, as dirigibles are few and far between in this country. They form a most valuable addition to the forces fighting abroad and are especially valuable in observing operations.

## VOLUNTEERS MAY SAVE OTHERS FROM SELECTIVE DRAFT

For every man enlisted in Newark the draft board will select one less man in the selective draft soon to be made. This is the announcement made today, and received by Lieut. Koepfel, at headquarters for Company B, Fourth Ohio Infantry.

This will greatly reduce the number of men to be chosen from this county, but those who heard the address of Ralph Cole on Thursday evening, could not but feel, that it is not, merely a matter of selecting a few and waiting for the other man to be selected, but that every man, who feels that he has no just reason for remaining away, should at once shoulder a responsibility, that will soon be forced upon him.

Each day the war cloud looms darker, and each day saved in preparation may mean saving hundreds of days of war, and thousands of lives. The apathy that exists over the country, seems to grow greater instead of less, and unless the people are aroused the country will face a situation which may mean its destruction, according to those in close touch with the situation.

According to the word received today every enlisted man will be considered as part of the quota to be raised by conscription. Estimating the number to have enlisted in this county at about 150, the men to be selected from Licking county will probably not number more than 100 fifty from Newark and fifty from the county.

At Mr. Vernon Second Lieutenant J. W. Headington, commanding Battery E, Ohio National Guard, announced that there would be no draft in Knox county. The Knox county draft quota is 160 men, and Battery E has been recruited to that number, which fact eliminates all possibility of draft according to word received today from Washington.

With this fact presented to the men, the recruiting of the Ohio National Guard will continue to the date of the selective draft in an effort to have 20,000 enlisted men by that day, according to Adjutant General George H. Wood. The strength today he said is 19,000, including all enlisted men, officers, and the naval militia of 342 men, which includes all units in federal service.

It is the intention of the war department, said General Wood, to give these states credit for all members in the National Guard. If the guard is recruited to full strength it will mean that the quota in the draft would be that much smaller. He said it is possible for a county to enlist men in the National Guard in such numbers that none would be drafted for service from that county.

## LICKING'S QUOTA IS EXCEEDED BY ABOUT \$100,000

It was discovered at noon today, when the issue for the Liberty loan bonds closed, that Licking county had a right to be proud of her record, for she had subscribed \$570,300, or nearly \$100,000 over her apportionment.

The bonds were distributed through the various financial institutions of the county, and while the amount subscribed was large it really represented no great sacrifice, for the buying of a bond was but a good business investment. All classes responded to appeal to buy the bonds, manufacturers and merchants buying them in lots to accommodate their employees, and a number were purchased by foreigners residing in the county.

As a class, the farmer showed the least disposition to aid his country in this way. While the subscription to a bond really means money invested, a subscription to the Red Cross will mean a sacrifice, yet the people are asked to respond as heartily as they have done for this issue. A special canvass will be made among the farmers to secure money for the Red Cross.

The apportionment for Licking county was \$470,000 and the county subscribed \$570,300. Many not realizing that the issue closed at noon, called at the headquarters of the Liberty loan commission shortly after noon, wishing to buy a bond. They had to be refused. The money had to be in the federal bank in Cleveland by 12 o'clock, eastern time, thereby shortening by an hour the time in which to raise the money.

It is the opinion at the headquarters here that the subscription over the county will greatly exceed the demand made by the government.

## PRESBYTERIANS TO SEND CHAPLAINS TO NEW ARMY CAMPS

(Associated Press Telegram)  
Pittsburg, June 15.—A special committee of ministers of the Pittsburg Presbytery the largest unit of the Presbyterian church in the United States, are "recruiting" a large number of ministers to serve as chaplains in the army camps to be established throughout the country.

It is prepared to place who volunteer for this service with seminary students who will serve until the return of the chaplains.

## OVERCOATS IN JUNE ARE COMFORTABLE

Us gardeners are having our doubts as to the advisability of covering up or not covering up our gardens to ward off a layer of snow. When Mr. General Public aroused himself from slumber this a. m., visions of increased coal and gas bills were much in evidence.

Wednesday, the thermometer crawled to such a dizzy height that it lost its footing plunging into the abyss again. Then it was 90, this morning it hovered around 40 and 45. The wise ones who had not stored or hooked last winter's overcoat were proudly displaying it today. Overcast skies promised to protect vegetation, and the weatherman says it will be warmer tomorrow.

## TAXI DRIVERS AID IN RECOVERY OF LOST AUTOMOBILES

Taxi drivers are a great help to the police in assisting to locate stolen cars. Fred Korzenborn, a driver for the Service taxi line, has located several cars by keeping his eyes open and watching out for suspects. As soon as a car is stolen all the taxi stands are called up by the police department, given the number of the missing car, and a description. The operator in charge of the taxi stand then informs all the drivers. Wednesday night, Korzenborn was notified of the theft of the Robert Costello Ford. He kept a sharp lookout and after midnight his vigilance was rewarded when he found the car in South First street. It was out of commission and he called one of the proprietors of the taxi line, Clarence "Buster" Bowman, who worked with the machine for some time and succeeded in getting it in running order.

## The Courts

**Inspection by Board.**  
Mrs. J. C. Krieg, Mrs. Margaret Hall, Mrs. Hattie Seymour, C. L. V. Holtz and O. C. Larson, of the board of county visitors, inspected the county infirmary yesterday and made their report to the probate court today. They found 68 inmates, 50 men and 18 women. There are 35 acres in corn and 19 each in wheat and oats. There is garden truck of every variety and plenty of it and it is in splendid condition as are all the crops. They also report 25 head of cattle, 70 of hogs, 6 head of horses and numerous chickens, turkeys, ducks and geese. The visitors found everything in a splendid sanitary condition.

**Marriage Licenses.**  
Herbert E. Cavendish, a machinist, and Miss Orla D. Holton, both of this city.

Reginald G. Montague, pharmacist, and Miss Ethel Lillian Varner, a nurse, both of this city. Rev. Lewis P. Franklin to officiate.

The fellow who sings his own praises generally has a bum voice.

## Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifid coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two spoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifid coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

# RED CROSS HEAD HOPES AMERICA WILL BE AROUSED

(ASSOCIATED PRESS TELEGRAM)

Washington, June 15.—Sacrifice which the war will bring is needed by America to lift its people to the spiritual exaltation developed in European warring nations. Henry P. Davison, chairman of the Red Cross war council, told the Washington Chapter of the Red Cross today.

"I wish for no ill," he said, "but I hope and pray that whatever may be needed to arouse us to a sense of sacrifice and cleanse us from our selfishness will come to us."

Mr. Davison expresses doubt if more than 1 per cent of Americans "realize that we are today not only fighting for the principles upon which our republic was founded, but for our very existence."

"People of England and France also were slow to change their ideals early in the war," he said, "but now it seems as if their affection and regard for mankind—inasmuch as increased. They seem to be living on a higher and better plan. Even with their terrible sorrow and suffering they seem to be stronger and surer and more content to meet whatever may be given them to meet."

"The process of fire which has thus purified them has been for our account as well as their own."

"I firmly believe that through the Red Cross we cannot only render a service to the people of our allies—to those who are today fighting for us—but we can bring forcefully to our own people a sense both of their obligation, of their opportunity, and I am an optimistic enough to believe the men and the women of this country will in a not far distant day rejoice in sacrifice—in real service—and will demand that the Red Cross shall carry to the people then living of all our allies the heartfelt appreciation of what they have done for us, and express such appreciation that every possible aid and support within their power to send."

## ARE AROUSING COUNTRY.

Seven meetings were held in Newark and Licking county last night in the campaign for raising a Red Cross fund of \$40,000 next week. Oren J. Barnes, principal of the high school, and Jesse R. Walters, spoke to the Newark Grange at Central City, and effected an active organization. Howard Claggett, master of the grange, presided. The situation was strongly presented by the speakers and the grange, which has a membership of 200, organized the following campaign committee: O. B. Young, general chairman; Howard Claggett, Wm. C. Hall, Perry White and Chas. Van Tassel.

The Kiersville meeting was held in the Methodist Episcopal church with Rev. W. H. Mitchell as chairman. Geo. H. Mosser pleaded for the utmost activity on the part of the people of that township to raise their part of Licking county's allotment. A committee was named to call on a prominent business man and make him chairman of a campaign organization. Rev. D. L. Raphael and Rev. W. H. Mitchell were named as delegates to the county meeting in Newark tonight. A mass meeting will be held in Kiersville on the public square, Saturday night, to open the campaign for that township.

A community meeting was held in Grange hall, Jacksonville, with a large attendance. T. C. Jenkins, who spoke to the members of the grange in the Grange hall, spoke and aroused such enthusiasm that not only seven campaign teams were named—one for each school district of the township—but a branch chapter of the Red Cross was instituted. Jacksonville and vicinity must raise \$800.

The Grange hall at Chatham was filled with farmers and their wives to whom Roderic Jones and W. T. Hopkins spoke. Their remarks were well received, and S. L. Dustheimer was chosen general chairman. He will form his own committee, one to be assigned to each school district. The people of that township are asked to contribute \$500 as their part. E. R. Speck drove to Hanover with E. S. Randolph and Dr. W. H. Lewis, who spoke to the members of the grange in the Grange hall. The presiding officer, John Wilson, told a prediction of his father, 15 years ago, that Germany was preparing to overthrow France and England, and that it would remain for the United States to defeat Germany. The presiding officer's father was born in Bavaria, and often told his son, after his removal to America, how the Prussians invaded Bavaria during his boyhood and compelled that country to become a part of the German confederacy. The Newark speakers put considerable enthusiasm in the people of Hanover, and they will organize their business men today and arrange for another big meeting Monday night.

When Rev. C. H. Smith, W. C. Miller and Rev. Mr. Cowley reached Chatham grange, they found that the farmers and their wives had not come in, so they went to a neighboring store and made soapbox talks. Later, the Grange hall filled and they delivered their message. Rev. Mr. Landsettle, pastor of the Methodist Episcopal church, was made campaign chairman, with these assistants: J. F. Mess, Mead Price, Geo. Koontz, Arthur Keebley and Georgia Woods. They will begin work Monday and canvass their neighborhood.

At the mammoth gathering in the Newark public square in honor of the Elk's flag-raising, James F. Fitzgibbon, master of ceremonies, and Hon. Ralph D. Cole of Columbus, speaker of the occasion, spoke appropriately of the Red Cross movement and the need of Newark and Licking county doing their part in contributing to the national fund.

## Red Cross Notes.

Geo. H. Mosser, chairman of the rural districts, will speak this afternoon at a community meeting in the town hall, Jersey.

H. F. Moninger of the high school, and Jesse R. Walters, will

# CROTON GIVES LIBERALLY TO BADGE FUND

The fund which will be used to buy bronze engraved badges for Licking county soldiers and sailors received another boost this morning when Mr. C. W. Young of Croton, sent The Advocate a list of 25 contributors and his check for \$12.50. At the same time contributions were received from ten others swelling the total amount of the fund to \$463.33. This sum has been given by 1324 people.

Those who know the names and addresses of Licking county men now in the service of the army and navy are requested to send names to this office at once. Write plainly please.

If any man who registered on June 5 has received no registration badge he will be supplied by presenting his registration card at The Advocate office.

Haynes Brothers and W. A. Sprague will engrave the names and addresses of Licking county soldiers and sailors upon the identification medals as soon as they come from the factory about July 1st. Medals will be presented later to those who are selected for service from the registration lists. Yesterday's contributors:

**FACTS FROM HISTORY BASIS OF "MONA" AT THEATRE TONIGHT**

The main incidents recorded in the play "Mona" which will be presented tonight by the students of St. Francis de Sales High school and Commercial Department, at the Auditorium theatre, are historical facts. The scenes are laid in Brin at the time that St. Patrick first visited its shores.

placed by the Arch-Druid Semo under the care of Abaris. Bard and brother of the Prince of Munster.

One day when engaged in the chase, Count Clotaire, ignorant of the laws, followed the wolf into one of the sacred groves just in time to save the life of Mona, a vestal of the Druids. Her wondrous beauty inspired him with love which Abaris told him was hopeless, as the maiden was consecrated to the Temple.

From the first, Count Uri hated Clotaire and he made use of the rescue of the vestal to blacken the fair name of the Count of Bretagne. Clotaire is summoned before the council of the Druids but is finally declared innocent. During the proceedings of the trial, Dairene, an old vestal, rushes into the council chamber and in agony of grief tells Semo that Mona has perished in the sea.

A few days later the count, company Semo, the bards and Druids to the plains of Magh-Breagh to celebrate the solemnity of the Baal Fire. While there they learn that Patricius, encamped on the banks of the Boyne is preaching a new and strange doctrine and is converting many. The holy bishop is summoned to appear before the estates of Tara and explain his mission. So eloquent are his words that nobles and chiefs, bards and Druids and even the king himself are touched by the grace and receive the faith; among these are Clotaire and Abaris.

In the meantime the report of Mona's death was found to be false. Escaping in terror from the knights by whom she found herself surrounded on the day of her rescue from the wolf, she fled from rock to rock until she reached a cave in which she took refuge.

Very soon the Christians, who used the cave as a place of meeting began to assemble. Mona, touched by all she saw and heard, asked for baptism. Shortly after Mona's conversion, a chance meeting with Dairene revealed her existence and her faith; the news spread quickly and soon both Christians and pagans, among the latter, the Count of Heidelberg, knew that Mona the vestal, was living and a Christian.

Protected for some time from the fury of the Druids, she was at last betrayed by Uri. In the pursuit which followed she sought the cave of the Christians, but taking refuge by mistake in one of those caverns where the sea at high tide, foams in seething billows, she is drowned, while the Christians seek to rescue and the Druids to capture.

Don't forget it! Tonight at 8 o'clock is the time, the Auditorium the place, and "Mona" the play. Don't forget it!

# ARM ALMOST TORN FROM SHOULDER BY BELT OF MACHINE

Robert Vesea, a foreigner employed as a laborer at the American Bottle plant had his right arm nearly torn from the shoulder when he came in contact with a rapidly revolving belt. The Bazler ambulance was called and he was taken to the

Sanitarium where Dr. W. H. Lewis attended him.

In spite of the fact that the arm was so badly lacerated that the bones showed, he displayed plenty of nerve and bore the pain without flinching. The accident happened about 9 o'clock this morning.

## EXEMPTION CLAIMS TO BE DECIDED ON MERITS

Geo. H. Hamilton, clerk of the board of elections, is in receipt of a letter from Hubert J. Turney, judge advocate general of Ohio, in which he highly compliments the Licking county officials for the part which he took in the recent registration. He refers to the matter of registrants and dependant relatives and advises Clerk Hamilton that each case be decided upon its merits, when the names are drawn, regardless of any statements which have been made by the registrant on June 5.

## KNIT FOR THE NAVY

Will you knit for our boys in the navy? Several Newark boys are already there. Your son may be next. If not a knitter, you can easily learn, or you can buy wool for those who can not afford it, but who are willing to do the work.

Telephone Miss Sarah Duckingham, 74 Hudson avenue, who has charge of this work.

# STAR MONEY SAVING SPECIALS

Be Economical and Trade at the Star Grocery

Does it mean anything to you to reduce your cost of living without reducing the quantity or using an inferior quality of groceries? If it does, we recommend that you trade at the Star, where you will get the highest quality groceries at lowest prices. Consider also the fact that we buy in large quantities and therefore can sell quality groceries for less. Call a Star Grocery for your next order. We guarantee every article.
